SUMMARY

Washoe County assumed the lead role in providing homeless services to the region as of September 1, 2021. The Nevada Cares Campus will serve to provide services to individuals experiencing homelessness and is in the final stages of design and bid prior to full construction. The campus will house an emergency shelter, resource center, cafeteria, showers and laundry facilities, pet accommodations and other resources necessary to provide a full range of services. In addition to services, supportive housing is a critical element of the campus. Washoe County plans to construct a 50-unit, supportive housing project on the eastern side of the RHA parcel as well as utilize the existing long structure on the southern side of the parcel for overflow shelter and a resource center.

Construction is set to begin in June and a lease modification would allow access to the electricity supply located at the main structure on the RHA property immediately while the sale is in process.

On Nov 18, 2020, the Interlocal Cooperative Agreement for Shelter Operation and Other Homeless Services Among the City of Reno, Washoe County and the City of Sparks was jointly approved by the three jurisdictions, which included agreeing to acquire and cost share three parcels on East 4th Street for the purpose of expanding shelter capacity in the region to assist people experiencing homelessness.

On June 25, 2019, the Board approved the Interlocal Cooperative Agreement for Operation of the Community Assistance Center and Other Homeless Services Among the City of Reno, Washoe County and the City of Sparks.

BACKGROUND

During the January 13, 2021, special meeting, homelessness was identified as an issue of priority for the Washoe County Strategic Plan and the Board of County Commissioners expressed an interest in one entity being the lead of homelessness within the region.

Washoe County has since stepped up to take this lead role in 2021, including developing a Housing and Homeless Services Division, opening a Safe Camp, taking over operations of the Nevada Cares Campus on September 1, 2021, and becoming the lead of the local HUD mandated Continuum of Care (CoC).

To fulfill Washoe County's role as operator of the Nevada Cares Campus, the County needed to secure the lease on a nearby location to provide emergency overflow capacity for overnight shelter during cold weather. This is a necessary step to provide adequate access to shelter for some of the County's most vulnerable residents experiencing homelessness.

The original lease agreement provided the County with a 2.012-acre facility for emergency overflow shelter and construction staging. The lease commenced on December 8, 2021.

County Manager Eric Brown signed the lease for the County on an emergency basis on December 8, 2021, to make the overflow capacity available in advance of snow and temperatures in the teens and twenties overnight in the area that were forecasted to start on December 9, 2021. The Board ratify the Manager's prior approval during the next scheduled board meeting on January 11, 2022.

Washoe County is pursuing the purchase of this property and plans to construct a 50-unit, supportive housing project on the eastern side of the RHA parcel as well as utilize the existing long structure on the southern side of the parcel for overflow shelter and a resource center.

Construction is set to begin in June and a lease modification would allow access to the electricity supply located at the main structure on the RHA property immediately while the sale is in process.

FISCAL IMPACT

Should the Board approve the lease terms, the \$1.00 lease cost will be debited from Fund 223-4 (Cost Center 223420) for FY22.
