SUBJECT: Recommendation to approve a Professional Consulting Services Agreement between Farr West Engineering and Washoe County for the Safe Camp Facility to provide Project Engineering Services including Design, Bidding and Permitting, Construction Surveying, Construction Observation, Materials Testing Subconsultants and Value Engineering Services [in the amount of \$193,132.00] commencing on May 10, 2022. (All Commission Districts.)

SUMMARY

This project is for the development of a Safe Camp in the Governors Bowl located at 1498 East 7th Street, Reno. The existing Governors Bowl was partially filled to increase acreage and provide safer accessibility for unsheltered people, construct a multi-purpose building, restroom facilities, shade structures, a dog kennel area, required landscaping and all associated underground utilities infrastructure.

The subject Professional Services Agreement will provide the following scope of work for a successful completion of the Safe Camp Facility Project: Project Engineering Support, Bidding and Permitting Support, Construction Surveying, Construction Support Services, Construction Observation, Materials Testing Subconsultants, Project Closeout and Value Engineering Services. All purchases and contracts in excess of \$100,000 per year require approval by the Board of County Commissioners (Board).

In accordance with Federal regulations 2 CFR 200.320(b)(2)(iv), the non-Federal entity may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby offeror's qualifications are evaluated, and the most qualified offeror is selected, subject to negotiation of fair and reasonable compensation. This method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services through A/E firms that are a potential source to perform the proposed effort.

This Request for Qualifications (RFQ) followed 2 CFR 200.320. Sealed Statements of Qualifications were received on March 8, 2022, and were evaluated, scored and ranked for appropriate selection. Farr West Engineering was selected as the most qualified firm for the Safe Camp Facility Project. Farr West's scope of work and proposal was also

BACKGROUND

Amid growing community concerns over the safety, public health and environmental concerns for the region, at a concurrent meeting held on November 18, 2020, the Washoe County Board of Commissioners and the City of Reno and Sparks City Councils voted to acquire and cost share three parcels on East 4th Street for the purpose of expanding shelter capacity in the region to assist people experiencing homelessness. The number of individuals experiencing homelessness has increased significantly due to the COVID-19 pandemic and subsequent unemployment spurring housing insecurity and concerns of people living in encampments.

One of the purchased parcels included the Governor's Bowl Park which was discussed to be a safe camping location. The location would serve as a safe space, where encampments along the Truckee River could relocate, providing access to restrooms, meal service, and will be a more secure location for individuals not wishing to move into shelters.

The purpose for the Safe Camp is to:

- Provide a sanctioned location for people currently living outside that reduces the environmental, public health and safety concerns of unregulated encampments.
- Provide a sanctioned camping location to reduce the negative impacts of unsheltered people being forcibly removed from a location.
- Engage sheltered residents in housing focused conversations, service referrals and housing placements from this stable location.

FISCAL IMPACT

The Safe Camp project is funded through the American Rescue Plan Act funds through the Coronavirus State Fiscal Recovery Fund and Coronavirus Local Fiscal Recovery Fund. Sufficient funding is available in the FY22 budget in the Capital Improvement Fund (402) in the Safe Camp Facility-SLFRF- project (PW920716).

RECOMMENDATION

It is recommended that the Board of County Commissioners approve a Professional Consulting Services Agreement between Farr West Engineering and Washoe County for the Safe Camp Facility to provide Project Engineering Services including Design, Bidding and Permitting, Construction Surveying, Construction Observation, Materials Testing Subconsultants and Value Engineering Services [in the amount of \$193,132.00] commencing on May 10, 2022.

POSSIBLE MOTION

Should the Board agree with Staff's recommendation, a possible motion would be "Move to approve a Professional Consulting Services Agreement between Farr West Engineering and Washoe County for the Safe Camp Facility to provide Project Engineering Services including Design, Bidding and Permitting, Construction Surveying, Construction Observation, Materials Testing Subconsultants and Value Engineering Services [in the amount of \$193,132.00] commencing on May 10, 2022]".
