**Subject:** VOLUNTEER APPLICATION: Animal Services Advisory Board

## **Application for Animal Services Advisory Board**

### **Additional Information:**

When I saw your recruitment in the latest WCRAS newsletter, I knew that I was the ideal candidate to serve on the WCRAS Advisory Board. My passion for animals began at a young age when our family dog was the only thing that pacified my crying as an infant. Since then, my affection has only grown and I have constantly sought out opportunities to promote the well-being of animals. I have gain a wide-variety of experiences from fostering kittens to working in endangered species recovery to providing youth education programs on domestic and wild animals. My background provides me with a unique understanding of the diverse policies and programs impacting animal welfare. Additionally, through my work experience, I have learned to employ critical thinking and creative problem solving to address a wide-variety of issues while considering input from all stakeholders. I am very excited about this opportunity to serve my community while promoting the health and safety of the animals we share it with.
