Subject: VOLUNTEER APPLICATION: Animal Services Advisory Board

Application for Animal Services Advisory Board

Additional Information:

I am a retired corporate executive with a Masters Degree in International Business Operations. In Sept 2016 I moved from Philadelphia to Reno to start a small Dog Nanny business to support dog owners by providing surrogate parenting, assistance with behavior modification, and of course, an additional care person for traveling. I am also an active volunteer at the Nevada Humane Society, launching a pet food/treat plastic packaging recycling program to raise money for the shelter and save unnecessary waste from our landfills and water ways. I am passionate about the planet and all living creatures that call it home. I can bring a logical, and results driven perspective to the committee to ensure that Washoe County Animal Services is providing the services needed for our community.

Volunteer Title

Volunteer - Off Site Adoptions, Orientation and Dog Handling Instructor, Recycling Partner, and various other needed roles

Duties

I am an Off Site Adoption Lead; picking up dogs and supplies in the morning, driving the NV Humane Society van to the event locations, setting up a table and managing a team of volunteers while handling adoptable dogs and sometimes cats to prospective pet owners. Processing adoptions when applicable. I am an Orientation and Dog Handling Instructor, speaking to both Reno and Carson City volunteer groups about the NV Humane Society Policies and Procedures, teaching Dog Behavior, and aiding in volunteer activities pertaining to becoming a volunteer, volunteer roles, and how to handle dogs appropriately. In January 2019 my own business launched a recycling program with TerraCycle to recycle 100% of all Pet Food/Treat Plastic Bag Packaging. I worked with the acting CEO and the Current Facilities Manager recently to implement the recycling program inside the shelter operations.
