Application for Animal Services Advisory Board

Additional Information:

I have a deep affection for the welfare of all animals big and small. I regularly TNR feral cats in my neighborhood and I currently have 3 rescue kitties from NHS and my front porch. Within the last year I have purchased my own microchip scanner to help people that have found a lost pet in my community at Woodland Village here in Cold Springs. I build insulated winter homes for feral cats and distribute them to colonies that need them.
