Subject: VOLUNTEER APPLICATION: Animal Services Advisory Board

Application for Animal Services Advisory Board

Additional Information:

As a citizen of the Washoe community and a dog owner I am personally invested in the well being of the neighborhoods and animals well being. I am not originally from Nevada, so I believe I bring new ideas and experiences just from living in different communities. I am an excellent communicator and am able to clearly and calmly get my point across and help those that may have trouble communicating well with others. I am always looking out for those that do not have a voice and dedicate my life to being an advocate to those minorities that are not always heard. Every day I make an effort to make choices for the betterment of the environment and it's inhabitants. In this case I will happily be the voice of the animals and their owners to make sure Washoe County continues to be a safe and clean environment for all.

Volunteer Title

Assistant to the Counselor

Duties

During my time volunteering at an elementary school in Sun Valley I was responsible for data entry for the counselor and diffusing friendship issues between students. This past semester I was a practicum student at the same elementary school with the counselor. My responsibilities have grown to working with deeper issues with students that arise, giving regular guidance lessons in classrooms and individual counseling. I have learned a lot about the students, school and community. I am very aware of the communities needs and their strengths.
