Subject: VOLUNTEER APPLICATION: Animal Services Advisory Board

Application for Animal Services Advisory Board

Additional Information:

I am interested in serving on this advisory board because of my passion for animal welfare in my community. While volunteering at the Humane Society I built relationships not only with the animals but with the staff and management as well. This provided me the opportunity to witness first hand some of the deficits in education in the community regarding animal welfare, overpopulation and breed stereotyping. I believe I would be an asset to the advisory board by using my experiences, social skills and desire to impact the community.
