

NEHA-FDA Retail Flexible Funding Model Grant Program Official Notice of Award for Three-Year Grants

February 15, 2022

Grant Number: G-OACB-202109-00840

Application Type: Capacity Building

Project Title: Capacity Building Active Managerial Control Program 3-Year

Project Summary: The Washoe County Health District (WCHD) Food Safety Program is continuously striving to promote active managerial control of foodborne illness risk factors in Washoe County food establishments. The program would like to collaborate with Maricopa County, Environmental Services Department (MCESD) to develop an Active Managerial Control (AMC) Program for Washoe County food establishments. Results of the 2021 Standard 6 self-assessment indicate the program does not have adequate resources to provide individualized onsite training for non-compliant food establishments as originally planned in the compliance and enforcement policy. Therefore, the program is looking to develop a more efficient mechanism to achieve active managerial control in Washoe County food establishments. The project will include the development and implementation of food safety instructional videos to build an AMC online toolbox as well as an AMC course for Washoe County food establishments exhibiting non-compliance.

Project Period: 2/1/2022 to 12/31/2024
