**Sewage, Wastewater and Sanitation (SWS) Hearing Board
Volunteer Application**

I am interested in volunteering with the SWS Hearing Board:

Name: Julianne Zotter

Address: [REDACTED]

City, ST ZIP: [REDACTED]

Contact #1: [REDACTED]

Contact #2: [REDACTED]

Email: [REDACTED]

Reason for Interest in joining the SWS Hearing Board:

As an environmental engineer in Northern Nevada, groundwater and surface water protection is a top priority of mine. We have a very limited resource in fresh water here in the Great Basin and we must do what's right to protect it and our community from contamination. However, sometimes designing a septic system that is functional is not always affordable. I am interested in learning some alternatives and creative solutions to difficult soils.

List your relevant qualifications below:

Professional Environmental Engineer (PE 25822) and Certified Environmental Manager (CEM 2459) with 11 years of experience with Robison Engineering. I have designed and permitted numerous septic systems in Washoe County and elsewhere.
