WHEREAS, the Northern Nevada Public Health (NNPH) reminds drivers of the “Move Over” law (NRS 484B.607), which states, “if possible, drive in a lane that is not adjacent to the lane where the traffic incident is located, unless roadway, traffic, weather, or other conditions make doing so unsafe or impossible”; and

WHEREAS, according to the National Highway Traffic Safety Administration, less than 30% of Americans are aware of move-over laws, and fail to abide by them; and

WHEREAS, NNPH is committed to effective traffic incident response and management through collaboration and training, which reduces the duration and impacts of traffic incidents and improves the safety of motorists, crash victims, and emergency responders; and

WHEREAS, Over 1,500 first responders have participated in the Nevada Traffic Incident Management Coalition efforts throughout the state since 2014, and 79% of all first responders in Nevada have received Traffic Incident Management training; and
