Application for Animal Services Advisory Board

Additional Information:

I've been blessed with having a variety of dogs and cats as part of our family for most of my life, currently I have a beagle and a black British short-hair cat. Part of my professional life for the past seven years has involved working on behalf of people with disabilities, so I have a passion for service. I see this opportunity as a chance to extend that service to doing what I can, along with the other Board members, to assist Washoe County in the betterment and enrichment of our wonderful animal population. Thanks for your consideration!
