Washoe County Strategic Objective supported by this item: Vulnerable Populations

PREVIOUS ACTION

On November 11, 2023, the Board of County Commissioners approved item #23 to retroactively accept the Second Amendment and Assignment of the Grant Agreement and Notice of Subgrant Award in the amount of [\$1,709,550 (\$854,775 per fiscal year, annual balances are not allowed to roll); no county match] from Nevada Clinical Services, Inc. and managed by the State of Nevada Division of Public and Behavioral Health

AGENDA ITEM # _____

On May 17, 2022, the Board of County Commissioners approved item #11 to accept transfer of MOST services from the Washoe County Human Services Agency to the Washoe County Sheriff's Office – Operations Division retroactive to March 1, 2022. This includes all previously issued grant purchased equipment, monies, positions, and infrastructure into the new grant award recipient WCSO.

On July 20, 2021, the Board of County Commissioners approved item #17, Washoe County Human Services Agency's request to accept a Subgrant Award for funds in the amount of [1,709,550 (\$854,775 per fiscal year); no county match required] from Nevada Clinical Services, Inc. and managed by the State of Nevada Division of Public and Behavioral Health retroactive from July 1, 2021, through June 30, 2023.

On December 10, 2019, the Board of County Commissioners approved item #14, the Agency's request to accept two awards from the State of Nevada Division of Public and Behavioral Health to support the Mobile Safety Team in providing crisis and jail diversion services in the amounts of \$1,709,550 and \$246,002 (a grant total of \$1,100,777 for FY20 and \$854,775 for FY21), retroactive from July 1, 2019 through June 30, 2021.

BACKGROUND

The Mobile Outreach Safety Team (MOST Team) sub-grant was developed in response to a recommendation from the Governor's Behavioral Health and Wellness Council, established by former Governor Brian Sandoval in 2013. This recommendation called for the creation of locally operated intervention teams with the objective of working with law enforcement professionals in response to individuals with mental health conditions who are in crisis. This transition to local operation aims to increase coordination with the local law enforcement agencies and increase local support of the MOST Team.

In May of 2022 the subgrant was transferred from the management under the Human Services Agency to the Washoe County Sheriff's Office.

Prior to that, in March 2017, this subgrant initiated the transfer of the MOST Team operations for Washoe County to the Human Services Agency (HSA); prior to this period, the MOST Team was operated in entirety by the State of Nevada.

During his first State of the State Address on January 16, 2019, Governor Steve Sisolak called for an expansion of MOST Team operating hours, increasing access to 24 hours a day, seven days a week. This initiative was also included in the 2020-2021 Governor Recommended Budget. As a result, the Agency added two Mental Health Counselor II positions to accomplish this goal. The Agency's management staff continues to provide clinical supervision for the mental health professionals and coordinate policy and program priorities with local law enforcement agencies.

For this award, the State of Nevada will provide two years of funding in the amount of \$854,775 per year (\$1,709,550 in total), with no County match required, to Washoe County to support a MOST Team to implement the following:

- Provide intervention services in order to divert individuals from unnecessary admissions into the criminal justice system, emergency rooms, and inpatient psychiatric facilities, per policies and procedures
- Provide care coordination and outreach services to individuals experiencing behavioral health crises as identified through law enforcement/dispatch/referrals.
- Provide community outreach activities to inform potential partner referral agencies, behavioral health providers and social service providers about MOST and encourage collaboration between MOST and the partners.
- Provide MOST mental health counselors with training on evidence-based practices or best practices related to crisis intervention so counselors may most effectively provide services for the target population.

Retroactive approval is requested as the notice of Third Amendment was received May 14, 2025.
