I am currently the Co-Chair of the Washoe County Planning Commission and sit as one of three of the county Planning Commission representatives on the Regional Planning Agency. The past four years on the PC have been very educational and rewarding. Washoe county faces many challenges in the future and it would be my honor to continue to represent the citizens of Washoe County on the Planning Commission for another term of four years.

I feel that the past experience gives me the qualifications to participate at a very high skill level and that I work well with Planning staff as well as County Commissioners.

Describe your qualifications for this appointment, including, but not limited to your educational background, professional background and awards/honors.

I'm retired from 38 years of service at Lawrence Livermore National Laboratory. I have worked as a senior manager (Superintendent) in the Plant Engineering Directorate. In this position I managed from 200 to as many as 1200 employees. Our work involved the construction of major facilities to support mission programs as well as maintenance and operations of the laboratory. This included all utilities water, power and sewer and wastewater. this involvement in all phases of the unique laboratory located on one square mile with over five million square feet under roof, gives me the background and experience to make level headed decisions based on practicality with attention to ordinance and statute.

I have many letters of commendation for my participation and high performance from The Laboratory, University of California and local colleges at which I instructed.

List your community and/or civic involvement history.

Warm Springs CAB, both as a member and chair of the CAB. Washoe County Planning Commission, Co Chair. Truckee Meadows Regional Planning Agency, Washoe county Representative.
