SUMMARY

In January 2025, Reno Justice Court applied to the Judicial Council of the State of Nevada (JCSN) for funding to continue operation of its Specialty Court Programs. On July 24, 2025, Reno Justice Court received notification that \$50,800.00 had been approved for FY26 to support the Women's Trauma Court. Quarterly distributions of \$12,700.00 will occur in July 2025, October 2025, January 2026, and April 2026, with adjustments for any carryover from the previous fiscal year.

Women's Trauma Court, formerly operated under the name "Get-To Court" and "Community Court" has been redesigned to specifically serve women or individuals identifying as women who meet full or partial criteria for PTSD or CPTSD and would benefit from gender-responsive services. The court targets reduction of recidivism through intensive case management, trauma-specific therapy, substance abuse treatment, routine drug and alcohol testing, and structured housing support.

AGENDA ITEM # _____

PREVIOUS ACTION

June 24, 2024: Reno Justice “GT/CC Court” received \$96,764.00 in FY25 funding, with two quarterly distributions of \$24,191.00 in July and October 2024, and remaining installments in January and April 2025.

BACKGROUND

- **Issue:** Reno Justice Court (RJC) requests retroactive approval to accept a \$50,800 grant awarded by the Administrative Office of the Courts to support its Specialty Court program, Women’s Trauma Court, through the provision of sober living, residential treatment, drug and alcohol testing, assistance with basic needs, skills-based groups, distribution of incentives including gift cards, and transitional living services.
- **History & Context:**
 - RJC operates Specialty Courts serving individuals with significant behavioral health and substance use needs. Specialty Courts were developed in the 1980’s as an evidence based intervention to reduce criminal recidivism in high risk, high need offenders.
 - RJC Specialty Courts follow the Adult Drug Court Best Practice Standards published by All RISE to reduce recidivism and improve outcomes for participants in the Specialty Court program.
- **Current Status:**
 - The grant enables RJC to fund structured sober living services, mental health treatment, intensive supervision including routine drug and alcohol testing, skill building groups, assistance with basic needs, residential treatment, training for multidisciplinary staff members, clinical evaluations, risk and need assessments, and incentives for participants.
 - These services are critical in rehabilitating offenders and reducing their likelihood that they will re-offend upon program completion.
- **Public Impact:**
 - Reduces unnecessary incarceration, homelessness, mental health crises, continued substance use, and resulting criminal behavior by providing immediate access to evidence based services to address criminogenic risk and need.
 - Promotes safety, recovery, and stability for justice-involved individuals, many of whom have co-occurring disorders and complex trauma histories.
 - Strengthens public health and safety outcomes through improved engagement in treatment and reduced recidivism.
- **Impact on County Organization & Staff:**
 - Offsets costs associated with extended jail stays and emergency responses to untreated behavioral health crises.
 - Enhances coordination among court staff, case managers, probation officers, and community providers without requiring new full-time county positions.
 - Supports data tracking and performance monitoring via existing systems (DCCM), ensuring measurable outcomes.
- **Reason for Retroactive Action:**

- Reno Justice Court received notification of the grant award on July 24th, 2025 and funds were dispersed to the Court shortly thereafter before a BCC staff report could be prepared.
- Retroactive approval is requested to ensure compliance with County financial procedures and formally recognize the grant award.
