AGENDA ITEM # _____

PREVIOUS ACTION

On March 18, 2025, the Board of County Commissioners approved item 7.D.1, to accept the Opioid Settlement Funds subaward through the Director's Office of the State of Nevada Department of Health and Human Services to provide coordinated services to individuals with Severe Mental Illness (SMI), Substance Abuse Disorders (SUD), and/or Co-Occurring Disorders (COD) through an Assertive Community Treatment (ACT) program.

On July 11, 2023, the Board of County Commissioners approved item 10, the approved allocation of ARPA funds through the SLFRF in the total amount of [\$8,269,635], which included \$661,500.00 to the Our Home (WellCare) Contract Services for Living Supports and Services Pilot Program extension for individuals with developmental or intellectual disabilities.

On July 18, 2023, the Board of County Commissioners approved item 10, the ARPA – ACT/FACT sub-grant award through the Bureau of Behavioral Health Wellness and Prevention in the total amount of [\$918,000.00; no county match] to provide coordinated services to individuals with Severe Mental Illness (SMI), Substance Abuse Disorders (SUD), and/or Co-Occurring Disorders (COD) through an Assertive Community Treatment (ACT) program.

BACKGROUND

This Nevada Department of Health and Human Services Opioid Settlement funding will allow for continued supportive housing of people with intellectual or developmental disabilities or mental health conditions that impede their ability to live with complete independence. These services include the provision of living space as well as access to comprehensive case management and continuum of care for this high-need/high-intensity population.

This program was originally incorporated as a pilot program to establish an emergency agreement with New Hope Placement d.b.a. Well Care Services Reno because clients need to be moved immediately from an inappropriate shelter to a location capable of managing their medical, psychiatric, and pharmaceutical needs as well as their case management and support services needs related to their Intellectual/Developmental Disability or Serious Mental Illness diagnoses. The Human Services Agency reviewed other group home service providers available within the community; however, others did not have the medical, psychiatric, or pharmaceutical resources needed that New Hope Placement d.b.a. Well Care Services Reno has been able to provide. The Human Services Agency continues to collaborate with the State to establish more permanent supportive housing alternatives across the community.
