 - A. Provide TCM services to eligible recipients under Title XIX and Title XXI in accordance with the State of Nevada Medicaid State Plan and Nevada Medicaid Services Manual.
 - B. Be responsible for collecting and submitting the required information necessary to determine client eligibility for the Title XIX and Title XXI program to DHCFP.
 - C. Determine all expenditures in accordance with the County’s State-approved methodology for TCM services. Elements of the State-approved Cost Allocation Plan (CAP) necessary for claiming expenditures and for reimbursement are a Centers for Medicare & Medicaid Services (CMS) approved Time Study methodology, documentation of appropriate direct and indirect costs and their cost centers. Cost allocation must be consistent with the Office of Management and Budget (OMB) Circular 2 CFR 225 (A-87), the Code of Federal Regulations 45 CFR Subtitle A, Part 92, and Subtitle E, and approved by DHCFP. The County cannot unilaterally change the method of determining how the services will be counted or what the approved rate is once it is approved by DHCFP.
 - D. Provide a report of services and a cost report annually to DHCFP for TCM services in the format approved by DHCFP, which will be in an Excel format (.xls or .xlsx) or an Excel compatible format (.csv .txt). Other formats may be considered for use at the discretion of DHCFP on a case by case basis. The County must provide an electronic version of their claims for submission before DHCFP will consider that it has received the official version of the claims for the cost settlement process.
 - E. Provide DHCFP detailed back-up to support the claims being submitted for cost settlement. The back-up data must be in accordance with the State-approved standard methodology for TCM services for the County.
 - F. Provide DHCFP with the documentation that the rate for eligible services is based upon the approved methodology of DHCFP, as defined in the Nevada Medicaid State Plan, Attachment 4.19-B CPE, before any payment for those services is made by DHCFP. The interim rate is determined based on the actual historical costs and is estimated after the end of the state fiscal year.

- G. Pay the State's designated auditor the non-federal share (State's share) of those costs associated with the annual reconciliation and cost settlement.
 - H. Bill DHCFP upon services rendered which are allowable based upon DHCFP defined processes for Medicaid providers. Incomplete forms will be subject to return to the County and payment may be delayed or denied.
 - I. Reimburse any Title XIX and/or Title XXI funds received by the County in the event that an audit or audit by a firm of DHCFP's choosing results in a determination that such costs were not reimbursable under the Title XIX or Title XXI programs upon receipt of written notice from DHCFP of such obligation.
 - J. Provide the required State matching share for Federal Medicaid funds paid for children covered under the TCM program. The County will certify in a mutually agreed format that any and all funds used by the County as match will be County or Local funds that are not used as match for any other program.

The methodology will be based on an interim rate which is the actual rate from the preceding state fiscal year and should be decided upon preferably before the beginning of the upcoming state fiscal year. At the end of the state fiscal year, the County will have until December 1 of the following State fiscal year to submit its year-end claims to DHCFP for reconciliation and cost settlement. DHCFP will have two years from the end of the state fiscal year to cost settle those claims. If the County's interim payments exceed the actual certified cost of the services to Medicaid clients, DHCFP will recoup the federal share of the overpayment. If the actual, certified costs exceed the interim Medicaid payments, DHCFP will pay the federal share of the difference to the provider in accordance with the final actual certification agreement. DHCFP to pay the County through its Medicaid Management Information System (MMIS) for TCM claims submitted during the state fiscal years, which are covered under the Provider Enrollment Agreement. Those expenditures and their allocation must be in accordance with the County's State-approved standard methodology for TCM services. This medical assistance percentage is published annually pursuant to the Code of Federal Regulation (42 CFR Part 433.11 Subpart A).  - E. Each quarter's invoice shall be due on or before thirty (30) days following the last day of the quarter of service. The invoice will reflect both the total computable amount and the Federal Financial Participation (FFP) amount and must be completely filled out, signed and dated by an appropriate official of the County attesting to its accuracy.
