

MEMORANDUM

November 1, 2018

**To: Board of Fire Commissioners
Truckee Meadows Fire Protection District**

Fm: Charles A. Moore, Fire Chief

Re: Fire Chief's Report and Updates

1. Green Waste Collection Update:

Please see the attached flyer. The green waste from prior events have been masticated and transported to Full Circle Composting in Carson City. The District rented an excavator (similar to the photo) which made loading the transport trucks more labor and cost efficient. At the time of the meeting, we will have held the first event at Silver Lake and Lemmon Valley Fire Stations.

AGENDA ITEM #

2. Update on Verdi Fire Protection - CWPP and Grant Funds.

District staff meet with interested citizens in Verdi (both California and Nevada) to begin development of a CWPP. This document will outline the guiding principles for fuels reduction programs. A grant has become available, which is due at the end of this month. District staff wants to author two separate grants under the program. One grant will be specific to fuels reduction and the second is development of a fire protection well for water tender refill. One such fire protection well exists in Palomino Valley and was used extensively for water tender refill during the Pioche Fire a few weeks ago.
