Application for Animal Services Advisory Board

Additional Information:

I am very passionate about the care and support of animals in our community. I have personally experienced and fully appreciate the profound impact a pet can have on a family, child and an individual. I have a healthy respect for responsible pet policies in order to ensure we all thrive together in our community. I have recently retired and have been looking for opportunities to volunteer and serve our great community. This opportunity was of keen interest due to my deep love of animals. I have had pets my entire life and couldn't imagine life without them or live in a community that didn't provide opportunities to incorporate these wonderful creatures into our community spaces and activities.
