### **Executive Summary of Fiscal Year 2024-2025 Final Budget**

Attached is the Fiscal Year 2024-2025 (Fiscal Year 2025) Washoe County Final Budget. The budget, summarized in Schedule A, is comprised of 23 Governmental Funds and six Proprietary Funds. The combined expenditures of Governmental Funds total \$858,734,881 and Proprietary Funds expenses total \$134,588,815. Neither of these figures include transfers out, contingencies or other uses; that information is provided below. This Executive Summary provides a summary of broad economic and operating assumptions and trends used in the development of the County's budget.

The Washoe County Board of County Commissioners has a clear vision and Strategic Plan with long-term goals and shorter-term initiatives and benchmarks. The Board met in October 2023 to revisit its Strategic Plan and set budgetary priorities to ensure high-priority community projects rise to the top of the items funded in the upcoming budget cycle. The Board's vision sets the guidance, and the execution of that vision is set forth in the following focus areas:

- Serving Seniors
- Mental Health
- Capital Improvement Projects/Infrastructure

The focus areas above are key priorities in the County's Final budget. It goes without saying that with an increase in population and diversification of the local economy, demand for new, enhanced existing and mandated services continues to grow.

Total Fiscal Year 2025 (FY25) appropriations (expenditures/expenses, contingencies and transfers out) for 23 Governmental and six Proprietary funds are \$1.16 billion. This represents a \$92.5 million, or 9%, increase compared to the Fiscal Year 2024 (FY24) final budget, see chart below.

#### Overall Revenue Trends

While the regional economy is growing, the level of growth has shown signs of slowing. In addition, the County continues to face the same economic pressures from inflationary impacts, including rising interest

rates and prices, to labor shortages as seen in many urban regions across the nation. As economic growth slows, the County's revenue growth is also expected to slow, and resources will not support all needs and Fiscal Year 2025 budget requests.

Overall, FY25 revenues for governmental funds are estimated at \$740 million, which is an increase over FY24 budgeted revenues of \$46.7 million, or 6.7%. Note that the adopted revenues of most funds do not include supplemental funding (i.e., grants, donations, etc.) or restricted funds that carry forward from the prior year. Those estimates are included with the FY24 estimates to complete and will be trued-up in FY25 based on FY24 year-end actuals and closeout.

Property taxes are the largest revenue source across all county funds. For FY25, total property taxes are projected by the State Department of Taxation to increase 8.2%, from \$288.1 million in FY24 to \$311.8 million in FY25. The increase above the 3.0% cap on existing residential and 8.0% on non-residential (general) in FY25 is attributable to new development. Property tax is the largest revenue source in the General Fund, representing approximately 52% of all revenues.

One of the County's most fluctuating sources of revenue is Consolidated Tax (C-Tax). As it is comprised mainly of sales taxes, C-Tax is the first major source of revenue to show signs of softening as the economy slows. The County's C-Tax receipts have been slowing over the past year. For the period July 2023 through February 2024, C-Tax distributions are 2.4% higher than the same period last year (July 2022 through February 2023). Over that same period, taxable sales-which comprise approximately 85% of C-Tax distributions, are up 2.7%. The County has responded by revising its Fiscal Year 2024 year-end forecast for C-Tax from the original budgeted increase of 2.5% to an estimated increase of 1.0% over the prior fiscal year. In addition, the Fiscal Year 2025 Budget assumes a 2.0% increase in Consolidated Tax (C-Tax) with gradual increases expected in the five-year forecast thereafter to a maximum of 2.75% in Fiscal Year 2030.

#### Overall Expenditure/Expense Trends

Personnel is one of the county's largest costs. Fiscal Year 2025 personnel costs are budgeted to increase 5% compared to FY24 final budget. The increase is largely attributed to the FY24 implementation of a comprehensive classification and compensation study and the FY24 PERS rate increases. A smaller amount of the increase is due to an additional 32.2 net Full-Time Equivalents (FTEs). However, many of these positions are fully offset through permanent budget reallocation or ongoing revenues.

As identified above, total appropriations (expenditures/expenses, contingencies & transfers out) are budgeted to increase 9%, comprising of increases of 9% in governmental funds and 8% in proprietary funds. General Fund appropriations are budgeted to increase 1%.

### Material Changes between Fiscal Year 2025 Tentative and Final Budgets

There are minimal changes between the Fiscal Year 2025 Tentative and Final Budgets. Most of the appropriation increase from \$1.12B to \$1.16B is due to the timing of actual expenditures in relation to restricted funding (i.e., grants, federal funding, etc.) and capital projects. Washoe County continues to true-up expected FY24 costs and make the associated updates to the following years' budget through the annual budget process. For the Fiscal Year 2025 Final Budget, the Special Revenue Funds' variance when comparing to FY25 Tentative is \$15.1 million in the Other Restricted Fund and \$577 thousand in the Health Fund. The variance between the FY25 Tentative Budget and Final budget in the capital funds is \$19.6 million, a large portion of which is the direct result of the funding coming from Special Revenue Funds. In short, budget for projects/funding not anticipated to be expended prior to June 30, 2024, have been adjusted accordingly in the FY24 Estimates to Complete as well as the FY25 Final Budget.

Other changes between the FY25 Tentative and Final Budgets consist of one additional General Fund position, three additional positions in Other Funds to support the Assessor's Office (3.0 FTE), Health District (5.0 positions; net 4.2 FTE), and two new capital projects. These changes are outlined below:

Fiscal Year 2025 continues many similar themes from Fiscal Years 2023 and 2024, including caring for the County's most vulnerable. Notable highlights for the Fiscal Year 2025 Final Budget, for all funds, include:

# **General Fund**

#### Revenues

The General Fund is the largest and primary operating fund of the County and encompasses many functions/operations such as public safety for the Sheriff, juvenile services, medical examiner, public guardian and the Public Administrator; judicial functions such as the District Court, the four justice courts in Washoe County, the District Attorney and public defense; general government and finance functions such as the Board of County Commissioners, County Clerk, County Recorder, County Treasurer, County Assessor, county manager's office, human resources, technology services, and registrar of voters; regional library services; regional parks and recreation; human (social) services; and other functions. Total budgeted expenditures, not including contingency or transfers out, for FY25 are \$431.2 million. This is an

www.washoecounty.gov

increase over FY24 estimated expenditures of \$408.2 million, by \$25 million, or 5.6%. This reflects an increase of \$14.6 million, or 3.5%, compared to the FY24 adopted budget.

While the last few fiscal years' financial results provided non-recurring resources to pay for one-time needs, such as property tax refunds per a legal settlement, and needed asset maintenance and capital improvements, challenges remain. Many priorities were considered in developing the Fiscal Year 2025 Recommended Budget. These priorities included funding for existing: contractual obligations, supplies, utilities, personnel costs, and maintaining the County's assets and infrastructure needs, as well as additional operating budget requests.

Total FY25 General Fund revenues are forecasted to increase from \$477.3 million to \$503.2 million, or \$25.9 million, 5.4%, compared to FY24 estimates. As discussed above, the C-Tax has shown slower growth to date in FY24 and it is expected to grow 2.0% in FY25, compared to FY24 estimated, to \$160.2 million. C-Tax represents 32% of the County's General Fund revenues. Property taxes remain by far the largest single source of revenue for the General Fund, roughly 52% of all General Fund revenues. General Fund ad valorem taxes are estimated to increase \$19.8 million, or 8.2 percent.

#### **Expenditures**

Salaries and benefits remain the largest category of expenditures and total \$344.5 million, or 80% of expenditures not including operating transfers out. General Fund personnel expenditures are budgeted to increase \$17.9 million, or 5%, compared to the FY24 adopted budget. The increase in FY25 General Fund personnel expenditures reflects the FY24 implementation of a comprehensive classification and compensation study, the FY24 PERS rate increases, and some new positions. Services and Supplies show a net decrease of \$3 million, or 3.4%, due almost exclusively to inflationary expenditure increases offset with the reduction of one-time expenditures like the legally required settlement payments.

Other notable Fiscal Year 2025 General Fund items include:

- Legislatively Required (AB266) Language Access Plan Funding (net zero impact-funded with budget reallocation)
- General Fund Transfers Out of \$78.4 million, supporting:

00		i, supporting.
0	Indigent Fund -	\$24.1million
0	Homelessness Fund -	\$21.8 million
0	Transfer to Capital Projects -	\$12.0 million
0	Health District -	\$9.5 million
0	Debt Service Fund -	\$6.2 million
0	Senior Services Fund -	\$3.4 million
0	Roads Fund -	\$1.3 million

 The Roads Fund is also recommended to receive one-time transfers of an additional \$3.0 million from the Capital Facilities Fund.

### Fund Balance

The FY25 ending fund balance for the General Fund is estimated to be \$105.7 million, or 20.8% of total expenditures and transfers out. However, after accounting for the General Fund stabilization reserve of \$4 million, and other restrictions and commitments, the actual unassigned ending fund balance is estimated to be \$96.1 million, or 18.9% of General Fund expenditures and transfers out. The current Board policy is to maintain an unassigned General Fund balance of 10% to 17 percent. See the FY25 Final General Fund Sources and Uses below.

<sup>\*</sup>as % of Expense & Transfers less Capital

The Fiscal Year 2025 Final Budget reflects total sources and uses for the General Fund balanced with an anticipated decrease in fund balance of \$18.2 million. The largest portion of this reduction is due to the contingency budget that is near the maximum statutory allowed based on multiple unknown impacts, including collective bargaining negotiations. The County will continue to prepare and monitor a five-year forecast of the General Fund to identify possible structural deficits based on the cumulative impact of forecasted revenues and expenditures to ensure long-term fiscal sustainability.

## **Proprietary Funds**

Proprietary funds for Washoe County consist of three enterprise funds (Building and Safety, Golf Course, and the Utilities Fund) and three internal service funds (Equipment Services, Health Benefits and Risk Management). Overall, operating revenues for proprietary funds total \$128.9 million, while expenses and

Finance Department 1001 E. 9<sup>th</sup> Street, Building D Reno, NV 89512 (775) 328-2003

www.washoecounty.gov

transfers total \$133.7 million. The variance between revenue and expense is mostly due to planned FY25 expenses in the Golf Fund with funding received in prior years.

# Conclusion

Washoe County will continue to maintain strong and healthy fund balances for FY25 and is committed to providing quality customer service for its residents. The County successfully managed the debt portfolio and received an upgrade to AA+/Stable from S&P Global in April 2023. The Final Fiscal Year 2024-2025 budget reflects a reasonable but conservative approach to balance future needs while continuing to be fiscally responsible.
