Subject: VOLUNTEER APPLICATION: Animal Services Advisory Board

Application for Animal Services Advisory Board

Additional Information:

I'm applying for this opportunity because I have a devout passion in helping both people and animals. In my professional life, I work as a care and admissions coordinator at a senior care facility monitoring and managing the behaviors and health of my residents and staff. In my personal life, I have a small farm in Lemmon Valley with quite a number of rescue animals on it. I have devoted both my professional and personal life to promoting both the health and safety of both humans and animals alike. My past volunteer experience also includes working closely with the Nevada Humane Society to better the lives of dogs at their establishment. I believe my combination of both professional skills and experience with various types of animals would be a great addition to the advisory board.
