

Pursuant to Title 40 of the Code of Federal Regulations Part 51 Section 102 ([40 CFR 51.102](#)), the Northern Nevada Public Health – Air Quality Management Division (AQMD) is issuing the following notice on the proposed rescission of Environmental Protection Agency (EPA)-Approved Air District Regulations in the Nevada State Implementation Plan (SIP) for Washoe County.

AQMD is requesting rescission of all EPA-Approved Air District Regulations under “General Provisions,” “Source Registration and Operation,” and “Emergency Episode Plan” found in the [EPA- Approved Air District Regulations in the Nevada SIP](#). This action is to address the EPA’s conditional approval ([88 FR 10044](#)) of the Washoe County portion of the Nevada Infrastructure SIP addressing Clean Air Act Section 110(a)(2)(J) related to the public notification of National Ambient Air Quality Standards exceedances and addresses longstanding “SIP Gaps.”

SIP Gaps are discrepancies between the revision to the SIP that have been submitted to EPA for approval and the existing SIP regulations as codified in the CFR. The EPA-Approved Air District Regulations of Washoe County’s portion of the Nevada SIP do not match the current DBOH regulations. The EPA-Approved Air District Regulations have been incorporated into the [Quality Assurance Project Plan](#) and current versions of District Board of Health (DBOH) approved Chapters [020](#), [030](#), [050](#) or have been permanently rescinded. For the EPA to act on the current DBOH regulations, EPA must first approve this rescission.

The details of this rescission are found in the “Rescinding General Provisions, Source Registration and Operation, and Emergency Episode Plan of the EPA-Approved Air District Regulations in the Nevada SIP” letter addressed to the Nevada Department of Environmental Protection (NDEP) and is available in the Public Outreach portal of [OurCleanAir.com](#).

Comments or a request for a public hearing on this action will be accepted until 5PM PST, September 26, 2025 and may be submitted via e-mail to AQMDPlanning@nnph.org or mailed or dropped off to the AQMD office at 1001 E. 9th St., Building B, Reno, NV, 89512. All correspondence must include first and last name, mailing address, and contact information for them to be retained and considered. The letter and all comments received will be sent to NDEP to formally submit to the EPA.

Upon receipt of a valid written request, AQMD will hold a public hearing during the District Board of Health meeting on October 23, 2025 at 1:00PM PST located in the Commission Chambers, Building A of the Washoe County Administration Complex at 1001 E. 9th St., Building A, Reno, NV 89512. Oral comments will be received at the public hearing. If no request for a public hearing is received by 5PM PST, September 26, 2025, the public hearing will be cancelled. Persons may check the status of the public hearing found within the Meeting Notice and Agenda on the DBOH website at <https://www.nnph.org/about-us/board-committees/district-board-of-health/>, the Nevada Public Notices website at <https://notice.nv.gov/> or you may call AQMD at (775)784-7200.
