Explanation: Overassessment due to factual error. In 2022 a building permit was issued to build 8 self storage buildings at the subject property. However, a revision to the permit was subsequently made reducing the number of buildings from 8 to 3. For the 2023 tax year 5 buildings were incorrectly added to the appraisal record. This roll change request corrects the error and adjusts the valuation for the 2023 tax year.

Explanation: Overassessment due to factual error-existence. The new storage warehouse on this parcel was valued at 70% complete with 100% HVAC heating and cooling for the 2021/22 roll year in error. Based on 2022 quality control and a field inspection conducted on 5/17/2022, it was determined that the storage warehouse addition was actually 80% complete with space heat and dock high flooring. This roll change request would correct the 2021/22 tax roll to reflect the actual percent complete and improvements as July 1, 2021.

On January 4, 2024 this office was notified that the clubhouse at the Montebello Apartments was severely damaged by fire on February 2, 2022. The damage rendered the clubhouse unusable for the remainder of the fiscal year. Using February 2, 2022 as the date of damage, the proposed value represents the prorated improvement value for the portion of the 2021 roll year the building existed. Prepared by: William Thompson Appraiser Reviewed by: Shannon Scott Senior Appraiser Submitted under NRS 361.768 Explanation: Overassessment due to factual error. Taxpayer/owner of the property, Mrs. Jessica Gardner, called our office Friday, August 23 and spoke to one of our appraisers asking about the improvements on her property record, specifically informing us that the raised breezeway roof and barn on parcel 079- 551-14 had been demolished in Spring of 2021. This was verified via aerial photography records with date confirmation. Thus, for Fiscal Years starting July 1, 2021-2024, the raised breezeway roof and barn extra-feature improvements were incorrectly on the roll. We are requesting a roll change request due to this factual error for the Fiscal Years 2021-2024.							Improvements	57,808	20,232	3,075	1,076

Prepared by: Steven Wood Appraiser Reviewed by: Chris Sarman Senior Appraiser Submitted under NRS 361.768 Explanation: Overassessment due to factual error - existence: This parcel has been incorrectly valued. Upon discovery of an improvement that did not exist, the error was corrected. By removing a lattice porch cover that no longer existed, the correction resulted in an overall decrease to the improvement value. This recommendation remediates the error.
