## Application for Animal Services Advisory Board

### Additional Information:

Animals have always been a very big part of my life and it is important that they receive the care that they deserve. From 1987 until 2001 I owned a Security / Guard Dog Company in Southern California and at the time I sold it we had 100 trained dogs. I was actively involved in the care of the dogs and it was my passion. I also worked part time as a Vet Tech in 1990 to learn more skills to help with my business. Animals are an important part of our everyday life and I would like to serve on this board to make a difference in the community and help the animals.
