Briefly, in your own words explain why you would like to be appointed to the Board or Commission.

I continue to be actively engaged in citizen involvement in Washoe County. I have demonstrated that I am an active and fully engaged Planning Commissioner during my tenure on the Planning Commission. I take my role as a planning commissioner very seriously and I have served very professionally. I am the current chair of the planning commission and a proven facilitator and navigator through some very difficult times. I have an excellent understanding of the function of local government and the role that citizens play in the success of the vision and mission of county government. I am also the current vice-chair of Regional Planning Commission representing Washoe County.

Describe your qualifications for this appointment, including, but not limited to your educational background, professional background and awards/honors.

I have served on the North Valleys Citizens Advisory Board for many years and as the chair for the last several years until I was appointed to the planning commission in October 2013. I still actively participate in the CAB meetings. I have also served as a Park Commissioner and served as the chair until my term was completed. I am dedicated to citizen engagement and providing a respectful voice for engagement. I believe I am respected for my efforts as well as my insistence on respect and dignity for any and all discourse.

I am the Program Manager for the Washoe County 4-H Youth Development Program for the University of Nevada Cooperative Extension and I have been in that position since 1989. Through my position I work with youth, adult volunteers, university faculty and policy makers across the nation to bring thoughtful research based programs to the youth of Washoe County. I hold a degree in Political Science with an emphasis on Public Policy. I have served on many community non-profit boards and I have a proven record of consensus building.
