BACKGROUND

Historical Summary

The Washoe County Board of County Commissioners has identified the property located at 10 Kirman Avenue, Reno, Nevada, Assessor's Parcel Number 012-150-12, as surplus to the needs of the county. The property, which consists of an approximately 14,118 square foot office building on 0.556 acres of land, was built in 1959 and is currently in poor condition, rendering it unusable for providing medical services. Historically, the property has been utilized by Northern Nevada Public Health for their Tuberculosis (TB) Clinic. However, plans are in place to move the clinic to a new facility at the Washoe Behavioral Health (formerly West Hills) site by early 2026.

The intent to sell the property to Renown Health for economic development purposes at a price less than the appraised value is driven by several factors. Renown Health has agreed to a purchase price of the property for \$750,000, which reflects the value of the land less the estimated cost to demolish the existing building. The sale is seen as beneficial for the community as it supports Renown Health's expansion plans, which are expected to create jobs and enhance healthcare services in the area. By authorizing the resolution the Board of County Commissioners set the date of March 11, 2025 for public discussion regarding the intent to sell the property directly to Renown Health, without offering it to the public being in the best interest of the County.

Legal and Regulatory References

The sale of the property is governed by Nevada Revised Statutes (NRS) Chapter 244, which outlines the parameters for the control, management, and disposal of county property. Specifically, NRS 244.2815 allows a board of county commissioners to sell, lease, or otherwise dispose of real property for the purposes of redevelopment or economic development without first offering the real property to the public and for less than fair market value, provided certain conditions are met. These conditions include obtaining an appraisal of the property not more than six months before the sale and

adopting a resolution finding that it is in the best interest of the public to sell the property directly to a buyer without offering it to the public.

The Board has determined that the proposed use of the property by the buyer is for economic development, which includes the establishment of new commercial enterprises or facilities, the support, retention, or expansion of existing commercial enterprises or facilities, and the creation and retention of employment opportunities for the residents of the county.

FISCAL IMPACT

The sale of property allows for an opportunity to direct one-time funds to various needs of the County. These proceeds are not a sustainable funding source, and staff received direction from the Board at the regular meeting of February 25, 2025, to direct funding to assist in the completion of the Washoe Behavioral Health Center (formerly West Hills).

Proceeds from the sale will be accounted for in accordance with financial regulations and County policy. At Board direction when the sale is complete the funds will be placed in the Capital Improvement Fund (402), in the West Hills Rehabilitation project.

RECOMMENDATION

It is recommended the Board of County Commissioners consider objections to the resolution of Intent to Sell (R25-25) real property located at 10 Kirman Avenue, Reno, Nevada, Assessor's Parcel Number 012-150-12 as surplus to the needs of Washoe County for economic development purposes at a price less than appraised value [\$750,000.00] to Renown Health, who plans to use the property to expand its healthcare services which will create highly skilled jobs and enhance the quality of healthcare available to the community.

POSSIBLE MOTION

Should the Board agree with the staff's recommendation, a possible motion would be "Move to consider objections to the resolution of Intent to Sell (R25-25) real property located at 10 Kirman Avenue, Reno, Nevada, Assessor's Parcel Number 012-150-12 as surplus to the needs of Washoe County for economic development purposes at a price less than appraised value [\$750,000.00] to Renown Health, who plans to use the property to expand its healthcare services which will create highly skilled jobs and enhance the quality of healthcare available to the community. And provide suitable direction to staff based on the public hearing"
