Subject: VOLUNTEER APPLICATION: Animal Services Advisory Board

Application for Animal Services Advisory Board

Additional Information:

I have been an animal lover and protector of all nature for as long as I can remember. I have rescued almost all of my pets and usually foster 1 to sets of kittens every Spring through the Pet Network Humane Society. I have never met an animal I didn't like, I love them all. In my early 20's I even rescued an orphaned baby opossums, raised him to be hand fed and tame. I eventually made the decision that he deserved a larger enclosure and my husband and I chose to donate "Little Man" to the San Francisco Zoo (education dept.). A friend of mine sent me this link to apply because she thought I would really enjoy this position. I think she is right, I would really love to feel that I could make a difference for the animals in Washoe County as a committed community member. I have spent the past several years raising my four children, ages 12 through 17, and animals have always been a deep interest for all of us. We enjoy spending time with our dogs and our cat. We are always on the look out for pets that need our help. For example, just last week, my daughter and I picked up the school's Bearded Dragon and took him to an exotic pet vet on a Friday afternoon. We were very concerned because the Dragon had not been doing well and the teacher wasn't taking necessary action, so we took action. We unfortunately ended our afternoon having to euthanize him, he was that ill. It was a difficult decision to make, but the right decision to minimize his suffering. I think I have the right balance of passion, insight and understanding to really be a positive addition to this board. Please let me know if you would like to meet in person to discuss this potential position. I appreciate your consideration.
