Experience and Notable Accomplishments

Snap Consulting LLC
Consultant

Redwood City, CA
June 2012- current

Established team and funding capability for development-stage companies. Acted as Interim CEO, COO, CFO and General Manager for multiple companies, building core management and technology teams. Startups included wireless security, enterprise software, web-based products, wireless connectivity, storage systems and video servers. During this time I also have worked many temporary or part time jobs.

Mariah Power

Reno, NV
2005-2010

Co-Founder, President and CEO

Developed the business plan, raised funding, built management team and developed the necessary business relationships to complete technology development and product delivery of this renewable energy leader while building distribution. Using my mechanical engineering skills I improved the life of the product from six years to 20 years through changes in design and manufacturing.

Pilot Ventures

Mountain View, CA
2003-2005

Consultant

Established team and funding capability for development-stage companies. Acted as Interim CEO, COO, CFO and General Manager for multiple companies, building core management and technology teams. Startups included wireless security, enterprise software, web-based products, wireless connectivity, storage systems and video servers.

etNetworks

Incline Village, NV.
1999-2003

Co-Founder, Sr. VP, Technology & Operations

Complete responsibility for developing and delivering DBS and IP-over-satellite systems necessary to support major customers, including IBM, Sun, and Cisco, in education, training, and data delivery on a worldwide basis. Implemented new product on schedule and on budget with less than 6 seconds of downtime in the first year.

Lightwave Microsystems

San Jose, CA.
1995-1999

Co-Founder, CEO

- Conceived of company and established infrastructure through self-funding plus raising \$30 million in VC-based capital.
- Hired 100 people and built successful, motivated management team
- Developed product strategy, plus directed business development, sales, and marketing, landing beta customers including Scientific Atlanta, SAIC, Ciena, and Lucent.
- Company received a \$3B offer from Corning

Compression Labs

San Jose, CA.

General Manager - Broadcast Division and VP – Engineering 1991-1995

P&L responsibility for \$130 million Broadcast Division with products consisting of MPEG-2 compliant encoders and decoders.

- Turned around business which had lost money for 3 consecutive years and achieved breakeven, driving sales from \$60 million in \$130 million.
- Successfully introduced and delivered on schedule the first MPEG-2 compliant encoders for use at DirecTV.
- Played a critical role in developing all-digital approach to set-top boxes.
- Converted division products from hardware to software orientation.
- Developed and implemented processes that reduced development time and costs as well as warranty and service costs.

Raychem Corporation

Menlo Park, CA.

CFO, Controller

1982-1991

- Hired and developed a staff of 30 professionals to lead company into European and Asian markets.
- Implemented processes and procedures to support culturally diverse and geographically broad sales, engineering, and support organization.
- Raised \$115 million in VC capital, giving up only 5% of equity, through private placement.
- Established and managed departments of Finance, MIS, Facilities, and Administration.
- Established required international legal organization and completed SEC filings.
- Directed controllership function of U.S. Raychem Corporation, including Mexico and Puerto Rico, with \$550 million in revenues, 25 divisions, and staff of 100 financial and accounting personnel.
- Restructured financial function to reduce headcount by 40, decreasing expenses 15%.
- Member of Benefits Committee; implemented 10% cost reduction while increasing level of benefits.
- Developed and implemented plan and reporting process that reduced operating expenses 4% for FY 1985 / 1986 and improved working capital ratios.
- Acted as Business Manager for startup / new-venture divisions.
