Subject: VOLUNTEER APPLICATION: Animal Services Advisory Board

Application for Animal Services Advisory Board

Additional Information:

I currently work for a humane organization, and am the Outreach Manager for approximately 59 animal shelters and rescue groups in Northern Nevada. I am a Reno native, and am very familiar with the needs of Nevada residents. In my current position, I interact daily with local shelters and animal groups, assisting them with everything from transports, to grants, to networking and training opportunities. In my previous career, while working for the Nevada Department of Public Safety, I testified in front of the Nevada Legislature on several occasions, and wrote a bill draft to clarify a Nevada Revised Statute. I am passionate about animals, and very concerned for their health and safety. I would love the opportunity to help facilitate communication between community members and WCRAS, to ensure that programs, operations and goals related to the care and safety of animals meet their needs and those of their owners, as well as being consistent with the needs of our community as a whole.
