BACKGROUND

- **Issue:** Reno Justice Court (RJC) requests retroactive approval to accept a \$37,000 grant awarded by the Administrative Office of the Courts to support its Specialty Court programs through the provision of sober living, residential treatment, and transitional living services.
- **History & Context:**
 - RJC operates Specialty Courts serving individuals with significant behavioral health needs.
 - A persistent gap in services has been the lack of immediate, safe, and sober housing for participants awaiting placement in residential treatment. Many participants are either in custody or unhoused during this wait period, increasing their risk for decompensation and disengagement from recovery efforts.
 - In response, RJC applied for and was awarded surplus grant funds to contract with sober living providers in Reno, to reserve 1–2 beds per month for program participants.
- **Current Status:**
 - The grant enables RJC to fund structured sober living services, including transportation, hygiene essentials, curfews, accountability checks, and regular reporting between sober living staff and RJC case managers.
 - These services are critical in stabilizing participants during a high-risk transitional period and supporting their successful entry into formal treatment.
- **Public Impact:**
 - Reduces unnecessary incarceration and homelessness by providing immediate access to sober housing.
 - Promotes safety, recovery, and stability for justice-involved individuals, many of whom have co-occurring disorders and complex trauma histories.
 - Strengthens public health and safety outcomes through improved engagement in treatment and reduced recidivism.
- **Impact on County Organization & Staff:**
 - Offsets costs associated with extended jail stays and emergency responses to untreated behavioral health crises.
 - Enhances coordination among court staff, case managers, probation officers, and community providers without requiring new full-time county positions.
 - Supports data tracking and performance monitoring via existing systems (DCCM), ensuring measurable outcomes.
- **Reason for Retroactive Action:**

- Reno Justice Court received notification of the grant award on April 30th, 2025 and funds were dispersed to the Court shortly thereafter before a BCC staff report could be prepared.
- Retroactive approval is requested to ensure compliance with County financial procedures and formally recognize the grant award.
