Dear Washoe County Commissioners:

Safari Club International is the leader in advocacy to protect the freedom to hunt and to promote wildlife conservation worldwide, with 50,000 members and 200 Chapters representing all 50 of the United States as well as 106 other countries. Our mission statement to protect the freedom to hunt and promote wildlife conservation, as well as give back by participating in educational, civic, conservation and humanitarian efforts in Nevada is our priority.

This chapter of Safari Club International is excited to have the pleasure and opportunity to endorse **Ryan Browne** representing Washoe County to a seat on the Washoe County Advisory Board to Manage Wildlife in our great state of Nevada.

As a Nevadan with strong roots throughout the state; primary education in White Pine County , growing up the son of a miner in Ely, College graduate of the University of Nevada Reno. Ryan is vested to this state through his family roots, experience as past Director of NNSCI, desire to promote strength in conservation, sharing a vision for a healthy relationship with government and hunting on healthy Nevada public lands.

A man of this moral turpitude, experience in the field coupled with education, glued together with love of this state, his family and desire to preserve our natural resources is not easily matched.

Sincerely,  
Ashton Caselli, **Director**

Re: Washoe County Citizens Advisory Board to Manage Wildlife

Dear Commissioners:

The Coalition for Nevada's Wildlife (Coalition) hereby recommends the appointment of Mr. Ryan Browne to the Washoe County Citizens Advisory Board to Manage Wildlife. The Coalition is a non-profit wildlife conservation organization dedicated to the protection and enhancement of our wildlife resources as well as the perpetuation of our sporting traditions. Our board of directors are members of the major sportsmen organizations in northern Nevada representing big game, fishing, upland game, sporting dogs, and trapping interests.

As president of the Coalition for over 30 years, I have personally known and worked with Mr. Browne for nearly two decades. As a Senior project manager for a major construction company in Sparks (Clark and Sullivan Construction) he has attained superior management skills. As a lifelong sportsman, he is both knowledgeable and dedicated to our state's wildlife, hunting, fishing, and outdoor recreation. He would represent the citizens of Washoe County and the entire state well.

In closing, I highly recommend Mr. Browne be considered for this appointment. Thank you for your consideration.

Sincerely - Coalition for Nevada's Wildlife

Larry J. Johnson, President
