

**2023 County Manager
Performance Feedback Survey Results
Executive Summary**

The goal of the 2023 County Manager annual performance feedback survey was to obtain insight and perspectives on the performance of County Manager Eric Brown over the past year. In total 33 individuals, including elected officials, regional leaders, and department and division heads from within the County organization were invited to participate in the survey; 29 responded (88% response rate).

The survey questions were presented to four specific groups: County Commissioners, Direct Reports, Department Heads and Elected County Officials, and External Stakeholders

Respondents were asked to consider County Manager Brown's performance relating to his leadership, communication, community and intergovernmental relations, Strategic Plan implementation, and Board of County Commissioners relations.

Respondents were allowed to choose one of the following responses for each question:

- Exceeds expectations: Performance is consistently exceptional. This person is a role model of competency.
- Meets expectations: Performance meets and periodically exceeds expectations. This person is a strong contributor to the organization.
- Area for growth: Performance does not consistently meet reasonable expectations and standards. Immediate steps must be taken to improve.
- Evaluator has no basis for judgment.

The number of respondents who chose *Exceeds Expectations* and *Meets Expectations* are shown together below for ease of presentation and because a response in either category is an indication of successful performance as defined in the survey.

All groups were asked to evaluate the same questions related to Leadership, Work Ethic/Integrity, Communication Skills, and Overall Evaluation. The Strategic Plan question was asked only to County Commissioners, Direct Reports, and Department Heads & Elected officials; External Stakeholders were not included as it was determined this group would not have familiarity with the Strategic Plan initiatives. The summary table below shows the average percentage of responses* in each of these areas.

1	I have been impressed with the work that Mgr. Brown has done over the last year for Washoe County. He has brought together stakeholders to coordinate the region on a common CAD system for dispatch, he continues to support our homeless services division and has looped them in with the Our Place team and HSA to make them stronger, he has worked to get the County into the mental healthcare space in a thoughtful and sustainable way, he has grown the County's focus on community engagement and continues to push common sense programs that allows all people to join the table at the County whether they be staff, community members, board members, etc. --- and, without listing his full year of accomplishments, he supports this commission's direction. Beyond that, he understands the needs and issues in our community and continues to try to think of ways to bring people together and solve problems. He shows up to meetings and events throughout our county to ensure that the county has a presence. I feel like he is the right leader for this region at this pivotal time.	10/30/2023 4:53 PM
2	The County Manager genuinely cares about doing a great job. The County Manager exhibits the goal of establishing high standards related to outcomes while balancing all compliance requirements; he works hard to create a high-functioning culture of teamwork, while focusing on the importance of supporting the needs of our community for the benefit of all Washoe County residents, jurisdictional partners, and stakeholders. There is always the need for continuous improvement and the one area to highlight is holding people accountable, while building tomorrow's leadership through constructive criticism to achieve professional growth when needed, by using a solution-based approach.	10/30/2023 4:00 PM
3	Washoe County is a microcosm of our dysfunctional national politics and Manager Brown has done his best to steer and keep the ship afloat in these turbulent waters. He approaches each challenge with a calm, respectful, and professional demeanor and has proven to being the type of leader in the region who has the ability to help carry important initiatives across the finish line. Despite how hostile the political climate can be with threats, personal attacks, and disinformation, Manager Brown remembers what is important....he deeply cares about his staff and best serving the constituents of our entire community.	10/30/2023 10:48 AM
4	Eric works well with all five commissioners who are incredibly diverse with diverse and unique districts and needs.	10/17/2023 8:19 PM
