BACKGROUND

The Riverbend open space property is located at 2555 Highway 40 West 13, Verdi, Nevada. Washoe County originally acquired the Riverbend open space property in 2011 utilizing State Question One-Truckee River (SQ-1) and Washoe County Regional Parks, Trails and Open Space (WC-1) bond funds. A Boundary Line Adjustment (BLA) between Washoe County and River Bend Mobile Home Park and Storage, LLC was completed in March 2022. The BLA exchanged the inland portion of the Washoe County property for the riverfront portion of the adjacent properties owned by River Bend Mobile Home Park and Storage, LLC.

Washoe County Parks was awarded a Nevada State Parks Land and Water Conservation Fund grant in November 2022 to develop a new public trailhead and access path on the Riverbend open space property. An amendment to increase the amount of grant funding awarded to the project was approved by the Board in September 2024.

The scope of work includes construction of a ten-space parking lot and loading zone, construction of an access path with two pedestrian bridge crossings, installation of a kiosk and entrance sign, site clean-up, and installation of a portable restroom enclosure and other park amenities. The access path will tie into the new portage trail for the Washoe/Highland Diversion Dam that the Truckee Meadows Water Authority (TMWA) built in 2022 to increase safety for river users. This trailhead project will result in additional public recreation opportunities along the Truckee River including hiking, swimming, wildlife viewing, fishing, dog walking, rafting, tubing, and kayaking.

FISCAL IMPACT

Sufficient budget authority for this Agreement exists in FY25 in the Parks Capital Fund (404), WC1 Riverbend Trails Phase 2 (PK052320), Construction Contracts (781080) and Truckee Riverbend Trail LWCF-IO12092 (PK052321), Construction Contracts (781080). Grant funding that supports this Agreement is on a reimbursable basis.
