Legislative Counsel's Digest:

Section 1 of this bill authorizes the governing body of a flood management authority to establish by resolution a flood control project needs committee to recommend the imposition of certain: (1) flood management fees, rates, charges, levies or assessments; or (2) taxes for consideration by the voters at the 2018 General Election to fund the approved flood management projects of the flood management authority.

Sections 2 and 3 of this bill provide that if such a committee is established, the committee: (1) must recommend the imposition of certain flood management fees, rates, charges, levies or assessments; and (2) may recommend the imposition of one or more other taxes. The taxes which may be recommended for imposition are: (1) an additional tax on the gross receipts from the rental of transient lodging in the county; (2) a supplemental governmental services tax for the privilege of operating a vehicle upon the public streets, roads and highways of the county; (3) an additional tax on the transfer of real property in the county; (4) an additional

property tax in the county; and (5) any other tax, fee, levy or assessment the county is authorized under the law of this State to impose. The recommendations of the committee must specify the rate or rates for each of the recommended taxes, fees, rates, charges, levies or assessments and may specify the period during which the recommended taxes, fees, rates, charges, levies or assessments will be imposed. The committee may dissolve itself without making recommendations if the committee is unable to develop recommendations because of a lack of sufficient documentation or technical information necessary to make such recommendations. However, if the committee submits its recommendations to the governing body of the flood management authority and the board of county commissioners on or before April 2, 2018: (1) the governing body of the flood management authority is required to impose the recommended flood management fees, rates or charges; and (2) the board of county commissioners is required to submit a question to the voters at the November 6, 2018, General Election asking whether any of the other taxes, fees, levies or assessments recommended by the committee should be imposed in the county. If a majority of the voters approve the question, the board of county commissioners is required to impose the approved taxes, fees, levies and assessments at the rate or rates specified in the question submitted to the voters. If a majority of the voters approve the imposition of an additional property tax, the additional rate is exempt from the partial abatement of property taxes on certain property and the requirement that taxes ad valorem not exceed \$3.64 on each \$100 of assessed valuation.

Section 4 of this bill provides that the proceeds resulting from the imposition of such taxes, fees, rates, charges, levies and assessments: (1) must be deposited in the fund for flood management projects of the flood management authority; and (2) may be pledged to the payment of the principal and interest on bonds or other obligations issued for approved flood management projects.

Section 5 of this bill provides that if a flood control project needs committee is established, the committee must conduct meetings to receive information and evidence about flooding issues in the county and provide a report to the Governor, the Legislature, the regional planning commission, the board of county commissioners, the city council or other governing body of each city in the county and the governing body of the flood management authority of the county.

Section 6 of this bill provides that the provisions of this bill authorizing the governing body of a flood management authority to establish such a flood control project needs committee expire by limitation on April 2, 2018.
