# Executive Summary of Fiscal Year 2019 Tentative Budget

Attached is the Fiscal Year 2019 Washoe County Tentative Budget. The budget, summarized in Schedule A, is comprised of 21 Governmental Funds and 6 Proprietary Funds, with total appropriations of \$653,003,604. The combined appropriations of Governmental Funds total \$559,945,150 and operating and other expenses in the Proprietary Funds total \$93,058,454. This Executive Summary provides a summary of local economic trends and an overview of the operating assumptions used in the development of the County's 2019 General Fund budget.

# Economic Conditions

The northern Nevada regional economy, including Washoe County, has continued to see improvement and growth. Some of the economic measures pointing to the strength of the economy in Washoe County include:

- Washoe County's most recently reported unemployment rate (February 2018) was 4.2%, which is below the statewide rate of 4.9%. The national unemployment rate is 4.1%.
- Since February 2010, when the County's unemployment rate was 13.4%, total employment has increased by more than 44,000 jobs, or 23%.
- Washoe County is part of the West Region, as measured by the Consumer Price Index for All Urban Consumers (CPI-U). The CPI-U is up 3.1% over the prior year.
- The Reno MSA Leading Economic Index (RLI) increased by 1.99% from February 2017 to 2018. The RLI predicts the region's economic activity based on ten local, regional and national data series that are aggregated using a combination of composite and econometric techniques. The current trend in this leading economic index is indicating expected growth in the regional economy over the next year.

"Dedicated to Excellence in Public Service"

employees employed by Washoe County has decreased by 8%, however, the County's population has grown by 17%. While the County has become more efficient in its service delivery through the use of technology, contracting services, organizational restructuring and process improvements, it does not currently have the financial resources to hire additional employees to meet increased demands for services and new programs.

Personnel costs, which include expenditures for salaries and wages, employee benefits and other postemployment contributions for Fiscal Year 2019 are budgeted to total \$244,038,673, which is an increase of \$7,931,000, or 3.4%. The increase is primarily due to contractual cost-of-living increases in the final year of the County's three-year collective bargaining agreements with its employee associations.

Washoe County continues to feel the extraordinary financial impacts from two flooding events last year that were declared federal disasters, the January flooding of the Truckee River and the February flooding of the North Valleys. In addition to costs incurred last fiscal year for response to these disasters, this year the County has earmarked General Fund contingency in the amount of more than \$1.7 million and has eliminated its entire Stabilization fund of \$3.0 million to fund costs for repairs and ongoing maintenance, which will result in an estimated reduction of over \$2.7 million General Fund balance at the end of Fiscal Year 2018. While the County has filed claims of the expenditures that are eligible for a 75% reimbursement from FEMA, all of these claims are currently pending reimbursement. Reimbursements received will be used to replenish the Stabilization Fund.

For fiscal year 2019, services and supplies expenditures are budgeted to total \$54,476,845, which is an increase of \$4,325,838, or 8.6%. The County has budgeted continuing ongoing costs of \$1.2 million, for pumping and maintenance of the flood barrier in the Lemmon Valley area as a result of the North Valleys Flooding. Costs for contracted detention center medical services will increase by over \$200,000, and for pre-trial sentencing services provided by the State costs will increase by \$346,000. In addition, payments to other various agencies and for equipment services will go up \$273,353 and \$203,628 respectively.

The County has also budgeted \$232,344 for expenses related to the impacts of the legalization of recreational Marijuana, and in the process of evaluating cost impacts resulting from the legalization of recreational marijuana. There are also several other legislative impacts and emerging issues that will affect the County's General Fund expenditures budget. On the horizon, are future costs resulting from AB97 for sexual assault kit testing, after the temporary two-year funding from the State ends at the end of Fiscal Year 2019.

In Fiscal Year 2019, the County's capital improvement program will receive a \$5,318,000 transfer from the General Fund for various projects that were prioritized from over \$16,000,000 in requests. In addition, the County has identified estimated capital expenditure needs of over \$200,000,000 for Information Technology infrastructure replacements, a North Valleys Library, a new Second Judicial District Court building, senior facilities, an infirmary at the detention center and regional parks, trails and open space expansions, for which no funding sources are currently available.

As discussed earlier, the County's expenditures are growing faster than revenues. A five-year forecast of the County's General Fund prepared in January 2018, indicated a preliminary budget deficit of \$3,200,000 for Fiscal Year 2019, and structural deficits through Fiscal Year 2021. With a "guarded" outlook and direction to hold the line on existing budgets, the County has been able to reduce the projected General

"Dedicated to Excellence in Public Service"

# Conclusion

Washoe County's Fiscal Year 2019 Tentative Budget reflects a fiscally sustainable approach. The County recognizes that General Fund revenues are not sufficient to sustain known cost increases, and to cover all cost increases due to legislative impacts, emerging issues, and capital improvement needs. Therefore departments were asked to hold the line on existing budgets, and to prioritize and reallocate resources from existing budgets where possible.

The County continues to feel the financial impacts of the two federally declared disasters of last fiscal year, in the elimination of its Stabilization Reserve, which is estimated to result in a reduction to General Fund balance for Fiscal Year 2018. There are also ongoing costs for maintenance of the flood barriers installed last year. In addition, the County is facing a significant one-time cost to refund the overpayment of C-Tax, which will result a budgeted reduction of General Fund balance.

Washoe County is committed to providing regional leadership and quality customer service for its residents, despite the current challenges. The County recognizes fiscal sustainability as a strategic priority, and even with the reductions in fund balance will continue to maintain a strong and healthy fund balance for Fiscal Year 2019. The County has not increased taxes once again this year and shares one of the highest bond ratings, AA/Aa, in northern Nevada.

Respectfully submitted,

usa rectin

Christine Vuletich Assistant County Manager
