#### DEBT MANAGEMENT POLICY NRS 350.013 Subsection 1(c)

Listed below are excerpts from Nevada Law which requires local governments to submit a debt management policy:

NRS 350.013 1. Except as otherwise provided in this section, on or before August 1 of each year, the governing body of a municipality which proposes to issue or has outstanding any general obligation debt, other general obligations or special obligations, or which levies or proposes to levy any special elective tax, shall submit to the Department of Taxation and the commission:

(c) A written statement of the debt management policy of the municipality, which must include, without limitation;

(1) A discussion of its ability to afford existing general obligation debt, authorized future general obligation debt and proposed future general obligation debt;

(2) A discussion of its capacity to incur authorized and proposed future general obligation debt without exceeding the applicable debt limit;

(3) A discussion of its general obligation debt that is payable from property taxes per capita as compared with such debt of other municipalities in this State;

(4) A discussion of its general obligation debt that is payable from property taxes as a percentage of assessed valuation of all taxable property within the boundaries of the municipality;

(5) Policy regarding the manner in which the municipality expects to sell its debt;

(6) A discussion of its sources of money projected to be available to pay existing general obligation debt, authorized future general obligation debt and proposed future general obligation debt; and

(7) A discussion of its operational costs and revenue sources, for the ensuing 5 fiscal years, associated with each project included in its plan for capital improvement submitted pursuant to paragraph

(d), if those costs and revenues are expected to affect the property tax rate.

This document is intended to meet the requirements of NRS 350.013 subsection 1(c). It is not a review of Washoe County's (the "County") total financial position.

The County has a Capital Improvement Plan ("CIP") which is a multi-year planning document that identifies and prioritizes the need for a variety of public improvements and coordinates the County's financing and construction time frames. More specifically, the CIP is a process that provides order and continuity to the repair, replacement, construction or expansion of the County's capital assets. With revenue limitations in mind, the County's CIP focuses primarily on the County's more immediate needs.

**Summary of Debt** 

#### OUTSTANDING GENERAL OBLIGATION AND OTHER INDEBTEDNESS <sup>1/</sup> Washoe County, Nevada As of June 30, 2018

Sub. Lien Car Rental Fee Revenue Bonds (CABS), Series 2008 <sup>4/</sup>	02/26/08	12/01/57	11,000,000		9,693,203
Sales Tax Revenue Refunding Bonds, Series 2016A 5/	03/30/16	12/01/28	11,305,000	1	1,230,000
TOTAL OTHER OBLIGATIONS				\$ 3	34,312,203

1/ Does not include capital leases, accrued retirement costs, accrued compensated absences, deferred amounts from bonds issuance, arbitrage, other post employment benefits, remediation, and claims and judgments.

2/ General obligation bonds secured by the full faith, credit and taxing power of the County. The ad valorem tax available to pay these bonds is limited to the \$3.64 statutory and the \$5.00 constitutional limit.

3/ General obligation bonds additionally secured by pledged revenues; if revenues are not sufficient the County is obligated to pay the difference between such revenues and debt service requirements of the respective bonds. The ad valorem tax available to pay these bonds is limited to the \$3.64 statutory and the \$5.00 constitutional limit.

4/ Secured solely by the levy of a 2% fee on gross charges for rental of passenger vehicles in Washoe County.

5/ The 2016A sales tax revenue bonds are secured solely by the proceeds of a 1/8 of 1% sales tax levied for flood control and public safety projects.

6/ Does not include accreted value.

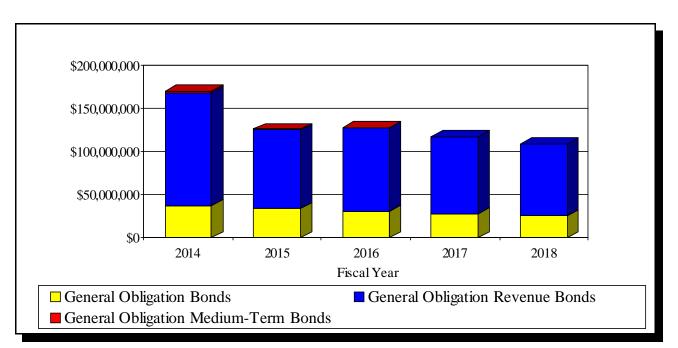

The following table provides the fiscal year debt service requirements on the County's outstanding general obligation bonds.

Fiscal Year Ending June 30	General Obligation Bonds	General Obligation Revenue Bonds <sup>1/</sup>	Total
2019	\$ 3,057,420	\$ 9,065,839	\$ 12,123,259

TOTAL	\$	169,886,139	\$	126,118,800	\$	127,942,848	\$	117,405,398	\$	108,692,886

The following chart illustrates the current allocation of the County's outstanding general obligation debt:

#### COMPOSITION OF OUTSTANDING GENERAL OBLIGATION DEBT Washoe County, Nevada As of June 30, 2018

Affordability of Debt

#### Response to NRS 350.013 1(c):

- (1) A discussion of its ability to afford existing general obligation debt, authorized future general obligation debt and proposed future general obligation debt; and
- (6) A discussion of its sources of money projected to be available to pay existing general obligation debt, authorized future general obligation debt and proposed future general obligation debt

#### **General Obligation Bond Indebtedness**

The County has authority pursuant to Nevada state statutes to issue general obligation bonds. Ad valorem bonds constitute direct and general obligations of the County, and the full faith and credit of the County is pledged for the payment of principal and interest, subject to Nevada constitutional and statutory limitations on the aggregate amount of ad valorem taxes.

In any year in which the total property taxes levied within the County by all applicable taxing units (e.g. the State of Nevada, the County, the Washoe County School District, any city, or any special district) exceed such property tax limitations, the reduction to be made by those units must be in property taxes levied for purposes other than the payment of their bonded indebtedness, including interest on such indebtedness.

Nevada statutes provide that no act concerning the County's bonds or their security may be repealed, amended, or modified in such a manner as to impair adversely the bonds or their security until all of the bonds have been discharged in full or provision for their payment and redemption has been fully made.

**General Obligation Bonds** 

#### Existing General Obligation Bond Indebtedness Paid from Ad Valorem Taxes ("General Obligation Bonds")

#### Authorized and Proposed Future Ad Valorem Supported Bonds

Currently, the County does not have authorization or plans to issue additional General Obligation Bonds. The County reserves the privilege of issuing bonds or other securities at any time legal requirements are satisfied.

#### **General Obligation Bonded Indebtedness**

The following table sets forth the County's outstanding general obligation bonded indebtedness paid from ad valorem taxes.

#### OUTSTANDING GENERAL OBLIGATION INDEBTEDNESS PAID FROM AD VALOREM TAXES Washoe County, Nevada As of June 30, 2018

General Obligation/Revenue Bonds Paid from Consolidated Tax Revenues

#### Existing General Obligation Bond Indebtedness Paid from the Consolidated Tax Revenues ("Consolidated Tax Bonds")

The Consolidated Tax Bonds are general obligation bonds additionally secured with revenues derived from a 15% portion of the County's portion of the Consolidated Tax Revenues.

Pursuant to NRS 360.698, the Bonds will be additionally paid from a pledge of certain tax revenues up to 15% of the Consolidated Tax Distribution Fund allocable to the County for the payment of the principal and interest on the Bonds. The Consolidated Tax Distribution Fund consists of local government revenues from six sources (collectively, the "Consolidated Tax Revenues"): Supplemental City/County Relief Tax ("SCCRT"), Basic City/County Relief Tax ("BCCRT"), Cigarette Tax, Liquor Tax, Basic Governmental Services Tax ("GST"), and Real Property Transfer Tax ("RPTT"). NRS 360.698 allows for up to 15% of the combination of the Consolidated Tax Revenues to be pledged as security for debt.

#### Authorized and Proposed Future Consolidated Tax Bonds

The County has no current authorization to issue additional general obligations bonds paid from consolidated tax revenues. The County reserves the privilege of issuing bonds or other securities at any time legal requirements are satisfied.

#### **General Obligation Consolidated Tax Revenues Bonded Indebtedness**

The following table sets forth the County's existing general obligation bonded indebtedness that is paid from consolidated tax revenues.

The following chart illustrates the fiscal year debt service requirements on the County's existing and proposed General Obligation Bonds paid from consolidated tax revenues.

#### Ad Valorem Tax Rate Impact

The Consolidated Tax Bonds are currently being paid from consolidated tax revenues. The County anticipates that no revenues from general ad valorem taxes will be necessary to support the debt service requirements of these bonds. The following table illustrates the sufficiency of consolidated tax revenues at existing levels to pay debt service on the Consolidated Tax Bonds.

Fiscal Year Ended June 30	2014 (Actual)		2015 (Actual)		2016 (Actual)		2017 (Actual)		2018 (Estimated)	2019 (Budgeted)

#### CONSOLIDATED TAX PLEDGED REVENUES Washoe County, Nevada

1/ In August of 2017, certain Nevada entities, including Washoe County, were informed that a substantial taxpayer refund of business use tax was anticipated to be approved within the next year pending a hearing before the Nevada Tax Commission. Because the high likelihood of occurrence and the fact that a reasonable estimate could be made, the County recorded a \$1.56 million reduction in consolidated taxes with an offsetting contingent liability in fiscal year 2017. The refund amount was calculated based on 3 years of overpayment by the taxpayer. Prior to this adjustment, the amount of consolidated taxes reported for fiscal year 2017 was \$101,895,898, a 6.6% increase over fiscal year 2016. In fiscal year 2019, although a 5% increase has been budgeted, net growth in consolidated tax will effectively be flat due to a refund of the overpayment mentioned above, estimated to total \$4.6 million (which includes the \$1.56 million discussed above) for the County. The anticipated refund of \$4.6 million has been budgeted as an expense per the anticipated accounting treatment.

General Obligation/Revenue Bonds Paid from Utility Systems Revenues

#### Existing General Obligation Bond Indebtedness Paid from Utility Systems Revenues ("Sewer Bonds")

The Sewer Bonds are general obligation bonds additionally paid from an irrevocable pledge of the net pledged revenues derived from the operation and use of the County's sewer, reclaimed water and storm water systems ("utility systems"). Net pledged revenues consist of all fees, rates and other charges for the use of the utility systems remaining after deduction of operation and maintenance expenses in the utility systems.

The County covenants in its bond ordinances to fix and collect rates and other charges for the services or commodities pertaining to the utility systems in amounts sufficient to pay the operation and maintenance expenses of the system and any debt service on its outstanding Sewer Bonds.

#### Authorized and Proposed Future Utility Systems Revenue Supported Debt

The County has no current authorization to issue additional general obligations bonds paid from utility systems revenues. The County reserves the privilege of issuing the bonds or other securities at any time legal requirements are satisfied.

#### General Obligation Utility Systems Revenues Bonded Indebtedness

The following table sets forth the County's bonded indebtedness for its outstanding General Obligation Revenue Bonds paid from utility systems revenues.

#### OUTSTANDING GENERAL OBLIGATION INDEBTEDNESS PAID FROM UTILITY SYSTEMS REVENUES Washoe County, Nevada As of June 30, 2018

1/ Totals may not add due to rounding.

The following chart illustrates the fiscal year debt service requirements on the County's outstanding General Obligation Revenue Bonds paid from utility systems revenues.

#### Ad Valorem Tax Rate Impact

On January 1, 2015, after many years of planning and community input, the water function of the County was merged into Truckee Meadows Water Authority ("TMWA") to consolidate water operations in the County. Consequently, fiscal year 2016 experienced significant reductions in revenues and expenses for the Utilities Fund, formerly called the Water Resources Fund. The County's Utilities Fund now consists of sewer, reclaimed water and Spanish Springs floodplain detention utilities in addition to a small water recharge utility in Golden Valley.

On December 31, 2014, in connection with the divestment of the water operations, the County amended the bond ordinances authorizing the outstanding general obligation (limited tax) sewer bonds to pledge the net revenues of the Utilities Fund, excluding water reserves. Principal and interest on the remaining bonds are payable from the pledged revenues of the Utilities Fund. All callable bonds were defeased and refinanced in fiscal year 2016 to secure more favorable interest rates for the benefit of rate payers. There is no impact on the ad valorem tax rate so long as net pledged revenues are sufficient to pay debt service.

The following table illustrates the County's pledged utility systems revenues.

1/ The primary segment of the County's water utility was consolidated with the Truckee Meadows Water Utility January 1, 2015. Fiscal years 2014 - 2019 include connection fee revenues in the amount of \$6.2 million, \$2.4 million, \$3.8 million, \$5.3 million, \$6.2 million and \$6.1 million, respectively.

2/ Excludes depreciation, amortization, grants and all non-cash transactions.

3/ Includes general obligation debt which is legally pledged to be repaid from the County's "Utilities Fund." Prior to fiscal year 2015 the "Utilities Fund" was entitled the "Water Resources Fund." All callable bonds were defeased and refunded in fiscal year 2016 to secure more favorable interest rates for the benefit of rate payers. In fiscal year 2017, interest in the amount of \$362,625 was capitalized.

General Obligation/Revenue and Revenue Bonds Paid from Sales Tax Revenues

#### Existing General Obligation Revenue and Revenue Bond Indebtedness Paid from Sales Tax Revenues ("Sales Tax Revenue Bonds")

The Sales Tax Revenue Bonds are payable from revenues received from the 0.125% tax imposed by the County upon the gross receipts of any retailer from the sale of all tangible personal property sold at retail or stored, used or otherwise consumed in the County. The County has revenue bonds outstanding that have a lien on sales tax revenues which is superior to the General Obligation/Revenue Bonds paid from sales tax revenues.

#### Authorized and Proposed Future Sales Tax Revenue Supported Debt

The County has no current authorization or plans to issue additional general obligations bonds paid from sales tax revenues. The County reserves the privilege of issuing the bonds or other securities at any time legal requirements are satisfied.

#### Sales Tax Revenues Bonded Indebtedness

The following table sets forth the County's bonded indebtedness for its outstanding Revenue Bonds and General Obligation Revenue Bonds paid from sales tax revenues.

#### OUTSTANDING INDEBTEDNESS PAID FROM SALES TAX REVENUES Washoe County, Nevada As of June 30, 2018

	Date Issued	Final Maturity	Original Amount	Outstanding

**Revenue Bonds Paid from Car Rental Fees** 

#### Existing Revenue Bond Indebtedness Paid from Car Rental Fee Revenues ("Car Rental Fee Revenue Bonds")

The Car Rental Fee Revenue Bonds are payable from revenues received from a 2% fee imposed by the County upon lease of a passenger car by a short-term lessor. Short-term passenger cars leased for replacement vehicles are exempt from this fee ("Car Rental Fees"). These bonds are <u>not</u> general obligations of the County.

#### Authorized and Proposed Future Car Rental Fee Revenue Supported Debt

The County has no current authorization or plans to issue additional special elective tax revenue bonds paid from car rental fee revenues. The County reserves the privilege of issuing the bonds or other securities at any time legal requirements are satisfied.

#### Car Rental Fee Revenues Bonded Indebtedness

The following table sets forth the County's bonded indebtedness for its outstanding Revenue Bonds paid from car rental fee revenues.

## HISTORICAL DEBT SERVICE COVERAGE

There are Car Rental Fee fund balance reserves available to make up any difference between the debt service and annual 1/ revenues on the senior lien and subordinate lien bonds. At June 30, 2018, there was \$999,299 (estimated) in fund balance available to service this debt, if needed. In addition, the senior bond ordinance established a \$750,000 reserve for the senior lien bonds that will be available, if necessary, to meet debt service requirements on the senior bonds. This reserve is separate and above the fund balance reserves.

**Debt Capacity** 

Response to NRS 350.013 1(c):

(2) A discussion of its capacity to incur authorized and proposed future general obligation debt without exceeding the applicable debt limit (NRS 350.013 (b)(2)).

State statutes limit the aggregate principal amount of the County's general obligation debt to 10% of the County's total reported assessed valuation. Based upon the 2018 assessed valuation of \$16,473,900,197 (including the assessed valuation of the Reno Redevelopment Agency and the Sparks Redevelopment Agency (the "Redevelopment Agencies") with a total assessed value of \$337,229,465), the County's debt limit for general obligation bonds is \$1,647,390,020. In addition to the County's legal debt limit as a percentage of its total assessed value, the County's ability to issue future property tax supported debt is also constrained by constitutional and statutory limits of total property taxes that may be levied.

The following table illustrates the County's general obligation statutory debt limitation.

As of June 30, 2018	
Statutory Debt Limitation <sup>1/</sup>	\$ 1,647,390,020
Outstanding General Obligation Indebtedness	
Paid from Ad Valorem Taxes	25,320,000
Paid from Consolidated Tax Revenues	55,435,000
Paid from Utilities Systems Revenues	11,974,761
Paid from Sales Tax Revenues	15,963,125
<b>Total Outstanding General Obligation Indebtedness</b>	108,692,886
Additional Statutory Debt Limitation	\$ 1,538,697,134

#### STATUTORY DEBT LIMITATION <sup>1/</sup> Washoe County, Nevada As of June 30, 2018

1/ Based upon the assessed valuation for fiscal year 2018 (including the assessed valuation of the Redevelopment Agencies).

**Policy Statement for Sale of Debt** 

Response to NRS 350.013 1(c):

(5) Policy regarding the manner in which the municipality expects to sell its debt.

The County can sell its debt directly to a bank (i.e., a private placement) or can issue bonds in the municipal bond market (i.e., through the open market). The decision as to whether to issue bonds or obtain bank financing is based upon an analysis of three factors: (1) cost, (2) access to the market, and (3) flexibility offered for future redemptions or refundings.

If bonds are issued, there are two ways bonds can be sold: competitive (public) or negotiated sale. NRS 350.105 to 350.195 set forth the circumstances under which a local government will sell its bonds at competitive or negotiated sale. The County will follow the statutory requirements in determining the method of sale for its bonds and as described below.

Competitive and negotiated sales provide for one or more pricings, depending upon market conditions or other factors. Either method can provide for changing sale dates, issue size, maturity amounts, term, bond features, etc. The timing of any sale is generally related to the requirements of the Nevada Open Meeting Law.

#### **Competitive Sale**

In a competitive sale, all underwriter(s) are invited to submit a proposal to purchase an issue of bonds. The bonds are awarded to the underwriter(s) presenting the best bid according to stipulated criteria set forth in the notice of sale. The best bid is determined based on the lowest overall interest rate.

#### **Negotiated Sale**

In a negotiated sale, an exclusive arrangement is made between the issuer and an underwriter or underwriting syndicate. At the end of successful negotiations, the issue is awarded to the underwriter. If bonds are sold through a negotiated sale, the County will comply with the requirements of NRS 350.175.

A negotiated underwriting may be considered based upon one or more of the following criteria:

- Extremely large issue size
- Complex financing structure (i.e. new security feature, variable rate financings, new derivatives, and certain revenue issues, etc.) which provides a desirable benefit to the County
- Difficulty in marketing due to credit rating or lack of bids
- Private placement, or sale to a municipality, to the state, or a federal agency
- Other factors which lead the County to conclude that competitive sale would not be effective.

It is the policy of the County to provide minority business enterprises, women business enterprises and all other business enterprises an equal opportunity to participate in the performance of all County contracts. Bidders are requested to assist the County in implementing this policy by taking all reasonable steps to ensure that all available business enterprises, including minority and women business enterprises have an equal opportunity to participate in County contracts. **Operation Costs and Revenue Sources for Projects in Capital Improvement Plan** 

Response to NRS 350.013 1(c):

(7) A discussion of its operational costs and revenue sources, for the ensuing 5 fiscal years, associated with each project included in its plan for capital improvement submitted pursuant to paragraph (d), if those costs and revenues are expected to affect the property tax rate.

The Washoe County Capital Improvements Program (CIP) is a five year plan for maintaining existing infrastructure and building new facilities to meet demands from growth. It is used to link the County's physical development planning with fiscal planning.

Washoe County's Capital Improvements Program includes major projects requiring the expenditure of public funds, over and above annual operating expenses, for the purchase, construction, or replacement of the physical assets of the community. Major capital projects are normally non-recurring (e.g. new buildings, streets, utility systems, land for parks, investments in new technology, etc.). Most CIP projects have a total cost of \$250,000 or more over five years or at least \$100,000 in one fiscal year. The Washoe County Capital Improvements Program (CIP) identifies project costs associated with the planning/design/engineering, land acquisition, and construction of new facilities and/or major remodels and maintenance projects. The CIP project submittal sheet also requests information on ongoing operation/maintenance costs associated with projects (NOTE: these expenses are not included in the total project cost).

Some CIP projects reduce operation and maintenance (O & M) costs. Many infrastructure maintenance projects, such as the surface treatment/overlay programs for each of the unincorporated planning areas, will reduce long-term O & M costs through preventative measures that extend the useful life of the County's infrastructure. Several projects in the Technology/Equipment category may also reduce operation and maintenance costs by automating functions (and reducing staff time) or by reducing energy costs and maintenance contracts on obsolete equipment.

Other CIP projects can have a direct and long-lasting impact on the County's operating budget. New facilities, such as libraries and the jail expansion, call for additional staff, telephones, uniforms, automobiles, computers, and additional expenditures for janitorial services and security. Increased expenditures must be anticipated for not only the department where the new staff will be added, but also the County's support departments such as the various divisions of Public Works (i.e., Facilities Services, Equipment Services), Technology Services and the Human Resources Department, among others. Project evaluation by County staff includes consideration of the O & M impacts of the project. Priority is awarded to projects which reduce operating impacts on the annual budget.

The County does not expect any operational costs associated with any project in the CIP to affect the tax rate.

#### **Miscellaneous Items**

#### Refundings

A refunding is generally the underwriting of a new bond issue whose proceeds are used to redeem an outstanding issue. Key definitions are described as follows:

Advance Refunding - A method of providing for payment of debt service on a bond until the first call date or designated call date from available funds. Advance refundings are done by issuing a new bond or using available funds and investing the proceeds in an escrow account in a portfolio of U.S. government securities structured to provide enough cash flow to pay debt service on the refunded bonds. Under the Tax Cuts and Jobs Act of 2017, advance refunding issues of tax exempt bonds issued after December 31, 2017 will no longer have tax exempt status.

Current Refunding - The duration of the escrow is 90 days or less.

*Gross Savings* - Difference between debt service on refunding bonds and refunded bonds less any contribution from a reserve or debt service fund.

*Present Value Savings* - Present value of gross savings discounted at the refunding bond yield to the closing date plus accrued interest less any contribution from a reserve or debt service fund.

Prior to beginning a refunding bond issue the County will review an estimate of the savings achievable from the refunding. The County may also review a pro forma schedule estimating the savings assuming that the refunding is done at various points in the future.

The County will generally consider refunding outstanding bonds if one or more of the following conditions exist:

- 1. Present value savings are at least 3% of the par amount of the refunding bonds.
- 2. The bonds to be refunded have restrictive or outdated covenants.
- 3. Restructuring debt is deemed to be desirable to align debt service obligations with revenues available for repayment.

The County may pursue a refunding not meeting the above criteria if:

- 1. Present value savings exceed the costs of issuing the bonds and the date of maturity of the bonds is less than 3 years from the call date, and the bonds can be currently refunded.
- 2. Current savings are acceptable when compared to savings that could be achieved by waiting for more favorable interest rates and/or call premiums.

#### **Debt Structure**

<u>Maturity Structures</u> - The term of County debt issues should not extend beyond the useful life of the project or equipment financed. The repayment of principal on tax supported debt should generally not extend beyond 20 years unless there are compelling factors which make it necessary to extend the term beyond this point.

Debt issued by the County should be structured to provide for either level principal or level debt service. Deferring the repayment of principal should be considered only in select instances where it will take a period of time before revenues are sufficient to pay debt service or if such a structure will help levelize all-in debt service. Ascending debt service should generally be avoided.

<u>Capitalized Interest</u> - The County will generally not capitalize interest unless there are compelling factors which make it necessary or desirable to do so.

<u>Bond Insurance</u> - The purchase of bond insurance may be considered as part of the structure of a bond issue. Bond insurance is an insurance policy purchased by an issuer or an underwriter for either an entire issue or specific maturities, which guarantees the payment of principal and interest. While this security provides a higher credit rating and thus a lower borrowing cost for an issuer, such cost savings must be measured against the premium required for such insurance.

The decision to purchase insurance directly versus bidder's option is based on:

- volatile markets
- current investor demand for insured bonds
- level of insurance premiums
- ability of the County to purchase bond insurance from bond proceeds

Bond insurance can be purchased directly by the County prior to the bond sale (direct purchase) or at the underwriter's option and expense (bidder's option). In cases where insurance is purchased, the County will attempt to qualify its bond issues for insurance with bond insurance companies with ratings higher than the underlying rating on the bonds by Moody's Investors Service and S&P Global Ratings.

When insurance is purchased directly by the County, the present value of the estimated debt service savings from insurance should be at least equal to or greater than the insurance premium. The bond insurance company will usually be chosen based on an estimate of the greatest net present value insurance benefit (present value of debt service savings less insurance premium).

#### **Financing Sources**

The County will evaluate available State bond financing programs before choosing the financing source. The County will consider utilizing a State program if bonds can be sold by the State in a manner that meets the County's timing needs and if two or more of the following conditions are expected:

- 1) The County will benefit from the State's credit rating.
- 2) The County will reduce its issuance costs by combining with other participants.
- 3) The County will be able to approve the structure of the bonds.
- 4) The utilization of the State program is the most cost effective source of funds.
