

## MEMORANDUM

October 9, 2018

To: Board of Fire Commissioners  
Truckee Meadows Fire Protection District

Fm: Charles A. Moore, Fire Chief

**Re: Fire Station Numbering Changes**

After a review of Northern Nevada fire operations, it became apparent there is a redundancy with fire station and apparatus numbering in the region. This redundancy can lead to communication and to fire fighter safety issues on incidents.

Truckee Meadows Fire Protection District's (TMFPD) solution is to renumber our apparatus and stations, so that there is a clear delineation between other fire agencies. TMFPD's Battalions will be numbered in such a way that the battalion corresponds to the stations/apparatus in that battalion. (i.e. Battalion 30 will have all stations/apparatus numbered in the 30's, Battalion 40 will have stations/apparatus numbered in the 40's). This will give TMFPD the opportunity to have additional future stations and equipment without having duplicate or similar to that of other fire agencies and create a simplified system.

Please see the attached spreadsheet identifying the changes.
