The request is made retroactively because the notice of award was not received until after the award date.

County Priority supported by this item: Safe, secure and healthy communities.

PREVIOUS ACTION

The Board of County Commissioners has approved the acceptance of three previous grants of \$100,000 each, two previous grants of \$20,000 each, one previous grant of \$25,000, and one previous grant of \$30,000 from the Office of Traffic Safety, for this purpose.

The last Board of County Commissioners approval was on August 28, 2018, for the fiscal year 2018 grant award. The agenda item for that BCC Meeting was 10.I.2.

AGENDA ITEM # _____

BACKGROUND

The Felony DUI Court complies with statutory provisions and minimum program requirements for each defendant as follows:

- an evaluation to determine the nature and extent of the substance use disorder and the formulation of a treatment plan by a certified or licensed substance abuse counselor;
- a minimum of six months of house arrest upon enrollment;
- participation in a substance abuse counseling program throughout the duration of the three year program;
- a minimum of weekly self-help meetings;
- installation of a breath ignition interlock device on any vehicle which a defendant owns or operates;
- regular status checks with Court staff;
- regular court appearances;
- minimum of three years of participation in the program.

Nevada Revised Statute 484C.340 authorizes the Court to order a third-time offender of driving under the influence (DUI) to a treatment program for a minimum of three years based on a report from a counselor or physician who diagnoses a substance use disorder. If the Court orders the offender to a treatment program, it must suspend further proceedings and place the offender on probation upon condition that the treatment program is completed.

If the program is successfully completed, the conviction is reduced to a second-offense violation, a misdemeanor. However, for purposes of additional penalties imposed for subsequent DUI offenses, the offense will count as a third offense. If the program is not successfully completed or the offender is not accepted for treatment, the sentence must be served. However, the Court has the discretion to reduce the sentence of imprisonment for the time served.

Defendants are responsible for all program costs including treatment, house arrest fees, the Breath Ignition Interlock Device and program fees. The statute specifically states that eligible offenders "must agree to pay the costs of the treatment to the extent of his financial resources."

The Felony DUI Court has been very successful since its inception. There have been 330 graduates of the program. Another noteworthy statistic is that the recidivism rate is less than 5% for all program graduates. The program has demonstrated its value to our community by helping those with substance use disorders learn how to live substance-free and become productive members of our County.

The request is made retroactively because the notice of award was not received until after the award date.
