Subject: VOLUNTEER APPLICATION: Animal Services Advisory Board

Application for Animal Services Advisory Board

Additional Information:

I am applying for this opportunity because I am very concerned with animal control in the County. My years as a volunteer at the Humane Society have shown me that more involvement is needed by the public to keep things running smoothly and help to better whatever needs it. My background is in business, sales and management (sales and operations), therefore I feel I have much to offer the Board. I look forward to interviewing to fill in the gaps that an application simply cannot cover.
