Application for Animal Services Advisory Board

Additional Information:

I am applying for a position on the Animal Services Advisory Board because I believe my background and experience will prove useful to the Board. I have over 30 years' experience in property management in northern Nevada. I am also a speaker/trainer, and have presented training sessions to property managers all over the United States. I also love animals. Every pet I've ever had was a rescue. My current love, Lucy, is an American Staffordshire Terrier, rescued from a high-kill shelter in Orange County, CA. I understand well, the workings of homeowners associations, and the laws that govern them, as well as landlord/tenant laws in our state.
