Job Title

Which Boards would you like to apply for?

Washoe County Planning Commission: Submitted

Interests & Experiences

Please tell us about yourself and why you want to serve.

Why are you interested in serving on this board or commission?

I am applying for the vacancy on the Planning Committee to represent District 1. My interest to serve on this committee stems from a desire to serve and make significant contributions in guiding the future growth within the unincorporated areas of the county and to consider granting changes that residents or businesses are requesting as they approach the Planning Commission. The rapid growth within the areas surrounding Reno requires constant attention and careful evaluation as individuals and companies plan to develop these unincorporated areas. Considerations such as access, planned usage, suitability, availability of utilities and services, impact on adjacent individuals and communities, effects on the environment, safety and other issues must be addressed in response to any development. Even small changes may require intense scrutiny before the commission can grant approval or allow changes to existing regulations. I believe I have the educational background and work experience that would lend itself to being an effective and active member of this commission. Now retired from a long professional career, I have the time and enthusiasm to serve our community. There are no conflicts of interest or prejudices which would influence my decisions in treating every petitioner who approaches the Planning Commission with requests for consideration.
