AGENDA ITEM # _____

On August 23, 2016 the Board accepted a Sub-grant Award from the State of Nevada Department of Health and Human Services, DPBH upon approval by all parties through June 30, 2017 for \$70,000, no County match required, to provide substance abuse treatment services to clients referred by the county Human Services Agency.

BACKGROUND

Washoe County Social Services Department has a long history of working with the Family Drug Court and providing service through Bristlecone Family Resources and Step 2 since 2002-03. The Family Drug Court was established by the 2nd Judicial District Court in 1995, along with the Adult Drug Court program and the Juvenile Drug court. Family Drug Court serves parents whose children have been placed into the child welfare system by the Washoe County Department of Social Services due to child abuse and/or neglect related to substance abuse. These programs focus on ensuring clean and sober parenting with the goal of family reunification.

A national evaluation of four Family Drug Courts, completed in March, 2007, documented our Family Drug Court's success in increasing the length of stay and completion of treatment services, a reduction in the number of days spent in out-of-home placements, and an increase in the percentage of children reunified with their mothers.

The Department will collect and report data regarding total clients referred and services provided and shall include various levels of care such as, outpatient, intensive outpatient, Low-Intensity Residential Care, Opioid Treatment Program, and withdrawal management. All data submitted will comply with the Treatment Episode Data Set (TEDS) reporting requirements.

This grant is funded by medical marijuana tax revenue to support clients involved with Child Protective Services and who also have substance use issues.

Acceptance of this award is retroactive as the Department received notification of the award on July 2, 2020.
