To: Board of Fire Commissioners

Fm: Charles A. Moore, Fire Chief

Re: **Fire Chief Report – October Regular Meeting**

A.1 Hidden Valley Fire Station (37) Development Update

Our consultants will submit the new design of Station 37 to County Planning this month. The design has been reconfigured to tie the house (recently purchased) and the new apparatus bay together. I am very pleased with how the residence and apparatus bay will tie together.

Concept drawings are attached.

The design is substantially different from the last design that intended to connect the house at 5445 Pelham. This design will go back through the South Valley CAB and Board of Adjustments in a new approval process.

District staff are completing some repairs on 5445 Pelham in order to make it available for sale in the near future.
