

## **AMENDED EASEMENT PURCHASE AND SALE AGREEMENT**

This Amended Easement Purchase and Sale Agreement (the “Amended Agreement”) is made and entered into this \_\_\_\_ day of \_\_\_\_\_, 2021, by and between WASHOE COUNTY, a political subdivision of the State of Nevada (“County”) and TRUCKEE MEADOWS WATER AUTHORITY, a Joint Powers Authority entity created pursuant to a cooperative agreement among the cities of Reno, Nevada and Sparks, Nevada and Washoe County, Nevada, pursuant to N.R.S. Chapter 277 (“TMWA”).

### **W I T N E S S E T H:**

WHEREAS, County owns certain real property located in Washoe County, Nevada, known currently as Assessor’s Parcel Number 534-521-01, commonly known as Sugarloaf Peak Open Space (the “County Property”);

WHEREAS, Truckee Meadows Water Authority (TMWA) is a public entity responsible for distribution of municipal water service in the area and has a parcel surrounded by the County Property, known currently as Assessor’s Parcel Number 534-521-02 (the “Grantee Property”), on which a water tank is located, known as Spring Creek 6 Tank;

WHEREAS, on January 28, 2020 Washoe County and TMWA executed an Easement Purchase and Sale Agreement (“Exhibit 1,” attached hereto and incorporated herein) and Easement Deed (“Exhibit 2,” attached hereto and incorporated herein) for a permanent access and water facilities easement (“Access and Water Facilities Easement”) and a temporary construction easement (“Temporary Construction Easement”) on the Grantee Property for the installation of a new waterline connection and access road in order to provide system redundancy and potable water supply to the future adjacent Harris Ranch Subdivision;

WHEREAS, TMWA paid the County for the access and water facilities easement area [at the appraised value of \$2,033];

WHEREAS, TMWA desires to amend the access and water facilities easement to expand the easement area from ±11,802 sf to ±20,425 sf to accommodate engineering requirements for a wider drainage ditch alongside the access road;

WHEREAS, TMWA also desires to amend the temporary construction easement to allow for the installation and maintenance of an additional temporary underground waterline in addition to allowing for the construction of the approved waterline connection and access road;

WHEREAS, County, pursuant to NRS 277.050, may sell any property belonging to it under certain conditions;

NOW, THEREFORE, in consideration of the premises and mutual promises set forth below, County and TMWA covenant and agree as follows:

1. Sale of Easement. For and in consideration of the Purchase Price (at the total appraised value of \$3,518.00, of which \$2,033.00 has already been paid), County hereby sells to TMWA and TMWA buys from County, the Easements more particularly described in “Exhibit 3” (Amended Easement Deed) attached hereto and incorporated herein (in accordance with the terms, and subject to the conditions of this Amended Agreement). County and TMWA agree that the Easements shall be located on the County Property as stated in the Amended Easement Deed.

2. Easement Utilization. The Amended Easement Deed conveys an Access and Water Facilities Easement and a Temporary Construction and Waterline Easement (collectively referred herein as the “Easements”). The Access and Water Facilities Easement shall be a permanent, non-exclusive public utility easement for the Access and Water Facilities Easement area, as described in the Amended Easement Deed, used to access, construct, alter, maintain, inspect, repair, reconstruct, and operate an underground waterline and access road and any other facilities or appurtenances deemed necessary for operation of the waterline or access road (hereinafter called “Water Facilities”) as described in the Amended Easement Deed. The Temporary Construction and Temporary Waterline Easement shall be a temporary, non-exclusive public utility easement for the Temporary Construction and Temporary Waterline Easement area, as described in the Amended Easement Deed, used to access and construct the Water Facilities improvements, and to install and maintain a temporary underground waterline (hereinafter called “Temporary Water Facilities”). The Temporary Construction and Temporary Waterline Easement will expire within twenty-four (24) months from the date of the recording of the Amended Easement Deed in the office of the Washoe County Recorder. The temporary waterline shall be removed prior to the expiration of the easement. The area shall be revegetated according to an approved Revegetation Plan.

2.1 No Unreasonable Interference. County shall not erect any buildings or structures on the Easements or otherwise use the Easements in a manner that places an unreasonable burden on or unreasonably interferes with TMWA’s use and enjoyment and the rights granted herein.

TMWA acknowledges by acceptance of the Easements that County's present recreational uses of, and practices on, the County Property adjacent to the Access and Water Facilities Easement area and Temporary Construction and Temporary Waterline Easement area are compatible with the purpose of the Easements. TMWA agrees to allow non-motorized public use of the new access road to connect to the existing Sugarloaf Peak Open Space trail system. TMWA acknowledges by acceptance of the Easements that the County’s future improvements of the property for recreational uses are compatible with the purpose of the Easements, so long as those improvements are consistent with the Grantee’s use of the Access and Water Facilities Easement area and the Temporary Construction and Temporary Waterline Easement area. County reserves the right to use and enjoy the surface of County Property for the benefit of the public and the Easements in accordance with those current and future recreation practices and in perpetuity. County and TMWA recognize that the future recreation uses of, and

practices on, the County Property may change over time as a result of the County Property's development and the public's need for recreation. TMWA acknowledges that the County owns the County Property and that use of the Easements does not interfere with any restrictions placed on the County Property.

3. Easements Locations. County and TMWA agree that the Easements shall be located on the County Property as stated in the Amended Easement Deed, which is attached hereto as "Exhibit 3".

4. Easements Price. TMWA shall pay the remaining portion of the Purchase Price in the amount of one thousand, four hundred and eighty-five dollars (\$1,485.00) ("Purchase Price") directly to County in consideration of the Easements, based on the appraised value of the land for use of the County Property.

5. Construction of Water Facilities. TMWA shall install, operate, repair any disturbances or damage caused by its operation, and maintain the Water Facilities and the Temporary Water Facilities at its sole cost and expense. No work shall be performed on the initial installation of the Water Facilities or Temporary Water Facilities until County has been given at least five (5) days prior written notice of the time during which the installation work will take place. All work shall be performed in compliance with all applicable laws and ordinances. TMWA agrees that, except in the event of an emergency, work performed on the initial installation of the Water Facilities and Temporary Water Facilities shall be allowed only between 8:00 a.m. and 7:00 p.m., Monday through Friday, within the County Property. TMWA shall secure all necessary Nevada Department of Environmental Protection (NDEP) permits prior to construction of the Water Facilities and Temporary Water Facilities.

6. Revegetation. TMWA shall revegetate the disturbed areas outside of the access road and drainage ditch footprint according to an approved Revegetation Plan. Temporary revegetation shall be required after installation of the Temporary Water Facilities and permanent revegetation shall be required after the Temporary Water Facilities have been removed. In accordance with the Revegetation Plan, TMWA shall submit monitoring reports to the County as prepared by a licensed landscape architect or other qualified professional one (1) year and three (3) years after removal of the Temporary Water Facilities and implementation of the revegetation efforts to ensure success criteria, as identified in the Revegetation Plan, have been met. If the criteria are not met, additional hydroseeding applications and/or plantings shall be required.

7. County's Representations and Warranties. As a material inducement to the TMWA the County represents and warrants that:

7.1 Property, Title and Related Matters. County is and shall be at the closing, the owner of all right, title and interest in the County Property and the Easements, and shall have and convey to TMWA at closing good and marketable title to the Easements free and clear of all security interests, mortgages, liens, pledges, charges, claims, or encumbrances of any kind or character. There is no lease affecting any portion

of the Easements, and no person or entity has any right or option to purchase the County Property or any portion thereof.

7.2 Litigation. There is no litigation, proceeding, claim or investigation, including, without limitation, any condemnation proceeding, pending or, to the best of County's knowledge, threatened, which adversely affects the County Property or the Easements, in any court or before any federal, state, county, or municipal department, commission, board, bureau or agency or other governmental instrumentality.

7.3 No Misstatement. No representation, statement or warranty by County contained in this Amended Agreement or in any exhibit hereto contains or will contain any untrue statements or omits, or will omit, any material fact necessary to make the statement of fact recited not misleading.

7.4 No Agreements. Neither the execution and delivery of this Amended Agreement by County nor the consummation of the transactions contemplated hereby will result in any breach or violation of or default under any judgment, decree, order, mortgage, lease, agreement, indenture or other instrument to which County is a party, or to which it is bound.

8. TMWA's Representations and Warranties. TMWA represents and warrants to County as follows:

8.3 Legal, Valid, Binding and Enforceable. This Amended Agreement and the other agreements and instruments contemplated hereby constitute legal, valid and binding obligations of TMWA, enforceable in accordance with their respective terms, except as limited by applicable bankruptcy, insolvency, reorganization, moratorium, and other laws of general applicability.

9. Closing. Within fifteen (15) days of the execution of this Amended Agreement by all parties, County shall deliver to TMWA the Amended Easement Deed, duly executed and notarized and such other documents required by TMWA to record the Amended Easement Deed in Official Records, Washoe County Recorder, Washoe County, Nevada. Each party shall bear its own costs (including attorneys' fees) associated with the closing, unless otherwise specified in this Amended Agreement.

10. Indemnification for Breach of Representations and Warranties. The parties hereby make the following indemnifications:

10.1 To the extent allowed by law pursuant to Chapter 41 of the Nevada Revised Statutes ("NRS"), County agrees to indemnify and hold harmless TMWA and its board members, agents and employees from and against any and all claims, damages, losses, liabilities, costs or expenses whatsoever (including attorneys' fees) which TMWA may incur by reason of or in connection with any untrue statement in this Amended Agreement made by County or the breach of any representation or warranty of County contained in this Amended Agreement.

10.2 To the extent allowed by law pursuant to Chapter 41 of the NRS, TMWA agrees to indemnify, hold harmless, and defend the County and its board members, agents and employees from and against any and all claims, damages, losses, liabilities, costs or expenses whatsoever (including attorneys' fees) which County may incur by reason of or in connection with any untrue statement in this Amended Agreement made by TMWA or the breach of any representation or warranty of TMWA contained in this Amended Agreement.

11. Covenants of Further Assurance. The parties to this Amended Agreement covenant and agree to act in good faith and to take such further action as may be required to fully effectuate the intentions of the parties under this Amended Agreement.

Chapter 277 ("TMWA").

### WITNESSETH:

WHEREAS, County owns certain real property located in Washoe County, Nevada, known currently as Assessor's Parcel Number 534-521-01, commonly known as Sugarloaf Peak Open Space (the "County Property"), a portion of which comprises the "Access and Water Facilities Easement" area and a portion of which comprises the "Temporary Construction Easement" area as described in Exhibit "A" (Easement Deed) attached hereto and incorporated herein;

WHEREAS, TMWA is a public entity responsible for distribution of municipal water service in the area and has a parcel surrounded by the County Property, known currently as Assessor's Parcel Number 534-521-02 (the "Grantee Property"), on which a water tank is located, known as Spring Creek 6 Tank;

WHEREAS, TMWA desires to install an additional waterline connection and access road in order to provide system redundancy and potable water supply to the future adjacent Harris Ranch Subdivision;

WHEREAS, TMWA desires from the County an 11,802 sf grant of a permanent access and water facilities easement ("Access and Water Facilities Easement") and a 23,588 sf construction easement ("Temporary Construction Easement") as expanded and corrected hereby collectively referred to as the "Easements", for the construction and installation of a waterline and access road;

WHEREAS, TMWA is willing to allow the public to use the access road to connect to the existing Sugarloaf Peak Open Space trail system;

WHEREAS, County, pursuant to NRS 277.050, may sell any property belonging to it under certain conditions;

NOW, THEREFORE, in consideration of the premises and mutual promises set forth below, County and TMWA covenant and agree as follows:

1. Sale of Easement. For and in consideration of the Purchase Price (at the appraised value of \$2,033.00), County hereby sells to TMWA and TMWA buys from County, the Easements more particularly described in Exhibit "A" (Easement Deed) attached hereto and incorporated herein (in accordance with the terms, and subject to the

conditions of this Agreement). County and TMWA agree that the Easements shall be located on the County Property as stated in the Easement Deed.

2. Easement Utilization. The Access and Water Facilities Easement shall be a permanent, non-exclusive public utility easement for the Access and Water Facilities Easement area, as described in the Easement Deed, used to access, construct, alter, maintain, inspect, repair, reconstruct, and operate an underground waterline and access road and any other facilities or appurtenances deemed necessary for operation of the waterline or access road (hereinafter called "Water Facilities") as described in the Easement Deed. The Temporary Construction Easement shall be a temporary, non-exclusive public utility easement for the Temporary Construction Easement area, as described in the Easement Deed, used to access and construct the Water Facilities improvements. The Temporary Construction Easement will expire upon completion of the Water Facilities improvements and associated revegetation or within six (6) months from the date of the recording of the Easement Deed in the office of the Washoe County Recorder, whichever occurs first.

2.1 No Unreasonable Interference. County shall not erect any buildings or structures on the Easements or otherwise use the Easements in a manner that places an unreasonable burden on or unreasonably interferes with TMWA's use and enjoyment and the rights granted herein.

TMWA acknowledges by acceptance of the Easements that County's present recreational uses of, and practices on, the County Property adjacent to the Access and Water Facilities Easement area and Temporary Construction Easement area are compatible with the purpose of the Easements. TMWA agrees to allow non-motorized public use of the new access road to connect to the existing Sugarloaf Peak Open Space trail system. TMWA acknowledges by acceptance of the Easements that the County's future improvements of the property for recreational uses are compatible with the purpose of the Easements, so long as those improvements are consistent with the Grantee's use of the Access and Water Facilities Easement area and the Temporary Construction Easement area. County reserves the right to use and enjoy the surface of County Property for the benefit of the public and the Easements in accordance with those current and future recreation practices and in perpetuity. County and TMWA recognize that the future recreation uses of, and practices on, the County Property may change over time as a result of the County Property's development and the public's need for recreation. TMWA acknowledges that the County owns the County Property and that use of the Easements does not interfere with any restrictions placed on the County Property.

3. Easements Locations. County and TMWA agree that the Easements shall be located on the County Property as stated in the Easement Deed, which is attached hereto as Exhibit "A".

4. Easements Price. TMWA shall pay the amount of two thousand and thirty-three dollars (\$2,033.00) ("Purchase Price") directly to County in consideration of

5. Construction of Water Facilities. TMWA shall install, operate, repair any disturbances or damage caused by its operation, and maintain the Water Facilities at its sole cost and expense. No work shall be performed on the initial installation of the Water Facilities until County has been given at least five (5) days prior written notice of the time during which the installation work will take place. All work shall be performed in compliance with all applicable laws and ordinances. TMWA agrees that, except in the event of an emergency, work performed on the initial installation of the Water Facilities shall be allowed only between 8:00 a.m. and 7:00 p.m., Monday through Friday, within the County Property. TMWA shall secure all necessary Nevada Department of Environmental Protection (NDEP) permits prior to construction of the Water Facilities.

6. Revegetation. TMWA shall revegetate and hydroseed the temporary construction area and other undeveloped disturbed areas on the County Property utilizing a seed mix approved by the County. TMWA shall submit monitoring reports to the County as prepared by a licensed landscape architect or other qualified professional one (1) year and three (3) years after implementation of the hydroseeding application to ensure that revegetation efforts result in at least 30% coverage of the hydroseeded area after one (1) year (with shrub species present), and at least 50% coverage after three (3) years (with a third of the revegetated area populated by shrubs). If the criteria are not met, additional hydroseeding applications and/or plantings shall be required.

7. County's Representations and Warranties. As a material inducement to the TMWA the County represents and warrants that:

7.1 Property, Title and Related Matters. NOW THEREFORE, GRANTOR, for and in consideration of the sum of two thousand and thirty-three dollars (\$2,033.00), in hand paid by Grantee, and other good and valuable consideration, receipt of which is hereby acknowledged, does hereby agree as follows:

1. Grant of Easement. Grantor hereby grants to Grantee and its respective successors, assigns, licensees, contractors, invitees and agents, a permanent and non-exclusive easement and right of way in gross in, on, over, under, and across the Access and Water Facilities Easement area to access, construct, alter, maintain, inspect, repair, reconstruct, and operate an underground waterline and access road and any other facilities or appurtenances deemed necessary for operation or maintenance of the waterline or access road (hereinafter called "Water Facilities").

Grantor also grants to Grantee and its respective successors, assigns, licensees, contractors, invitees and agents, a temporary construction easement in, on, over, under, and across the Temporary Construction Easement area for the purposes of constructing and installing the Water Facilities improvements. Said Temporary Construction Easement shall expire on the earlier to occur of: (i) completion of the water facilities improvements and associated revegetation; or (ii) six (6) months from the date of recording of this Agreement in the office of the Washoe County Recorder.

3. Warranties and Representations by Grantor. Grantor warrants and represents that Grantor owns the County Property and there are no prior encumbrances or liens running with the County Property which will frustrate or make impossible Grantee's enjoyment of the County Property. Grantor has full power and authority to sell and convey the County Property to Grantee and to enter into and perform its obligations pursuant to this Agreement. The person signing this Deed and other instruments required under this Deed on behalf of Grantor is duly authorized to so sign and has the full power and authority to bind Grantor. Grantee acknowledges that the Grantor owns and operates the County Property subject to certain deed restrictions and covenants, and that use of the easement areas does not interfere with the restrictions placed on the County Property and shall not interfere with the deed restrictions at any future time.

5. Hold Harmless. Subject to the limitations in NRS Chapter 41, Grantee shall hold Grantor harmless from any loss, damage or injury suffered or sustained by Grantor or third parties for any injury or damage caused by any act or omission of Grantee in its use of the Easements.

GRANT OF ACCESS AND WATER FACILITIES EASEMENT  
AND TEMPORARY CONSTRUCTION AND TEMPORARY WATERLINE EASEMENT**

THIS GRANT OF ACCESS AND WATER FACILITIES EASEMENT AND TEMPORARY CONSTRUCTION AND TEMPORARY WATERLINE EASEMENT ("Amended Deed") is entered into this \_\_\_\_ day of \_\_\_\_\_, 2021, by and between WASHOE COUNTY, a political subdivision of the State of Nevada ("Grantor") and the TRUCKEE MEADOWS WATER AUTHORITY, a Joint Powers Authority entity created pursuant to a cooperative agreement among the cities of Reno, Nevada and Sparks, Nevada and Washoe County, Nevada, pursuant to N.R.S. Chapter 277 ("Grantee").

**W I T N E S S E T H:**

WHEREAS, Grantor is the owner of certain real property situate in the County of Washoe, State of Nevada, currently Assessor's Parcel Number 534-521-01, commonly known as Sugarloaf Peak Open Space ("County Property"), including property identified and described in Exhibit "A" ("Access and Water Facilities Easement") and property identified and described in Exhibit "B" ("Temporary Construction and Temporary Waterline Easement"), attached hereto and made a part hereof; and

WHEREAS, Grantor and Grantee have entered into an Amended Easement Purchase and Sale Agreement dated \_\_\_\_\_, pursuant to which Grantor has agreed to convey a permanent, non-exclusive public utility easement and a temporary construction and temporary waterline easement to Grantee across a portion of the County Property; and

NOW THEREFORE, GRANTOR, for and in consideration of the sum of three thousand, five hundred and eighteen dollars (\$3,518.00), of which two thousand and thirty-three dollars (\$2,033.00) have already been paid, in hand paid by Grantee, and other good and valuable consideration, receipt of which is hereby acknowledged, does hereby agree as follows:

1. Grant of Easements. Grantor hereby grants to Grantee and its respective successors, assigns, licensees, contractors, invitees and agents, a permanent and non-exclusive easement and right of way in gross in, on, over, under, and across the Access and Water Facilities Easement area to access, construct, alter, maintain, inspect, repair, reconstruct, and operate an underground

waterline and access road and any other facilities or appurtenances deemed necessary for operation or maintenance of the waterline or access road (hereinafter called "Water Facilities"). Grantor also grants to Grantee and its respective successors, assigns, licensees, contractors, invitees and agents, a temporary construction and temporary waterline easement in, on, over, under, and across the Temporary Construction and Temporary Waterline Easement area to construct and install the Water Facilities, and to access, construct, alter, maintain, inspect, repair, reconstruct, and operate a temporary underground waterline. Said Temporary Construction and Temporary Waterline Easement shall expire within twenty-four (24) months from the date of recording of this Agreement in the office of the Washoe County Recorder.

2. Easement Access. Grantee, its successors, assigns, agents, contractors, employees and licensees shall have at all times ingress and egress to the Access and Water Facilities Easement area for the purposes set forth above, including without limitation constructing, altering, maintaining, inspecting, repairing, reconstructing and operating said Water Facilities. Grantee, its successors, assigns, agents, contractors, employees and licensees shall have, for the duration of the Temporary Construction and Temporary Waterline Easement, ingress and egress to the Temporary Construction and Temporary Waterline Easement area for the purposes set forth above.

3. Warranties and Representations by Grantor. Grantor warrants and represents that Grantor owns the County Property and there are no prior encumbrances or liens running with the County Property which will frustrate or make impossible Grantee's enjoyment of the County Property. Grantor has full power and authority to sell and convey the County Property to Grantee and to enter into and perform its obligations pursuant to this Agreement. The person signing this Amended Deed and other instruments required under this Amended Deed on behalf of Grantor is duly authorized to so sign and has the full power and authority to bind Grantor. Grantee acknowledges that the Grantor owns and operates the County Property subject to certain deed restrictions and covenants, and that use of the easement areas does not interfere with the restrictions placed on the County Property and shall not interfere with the deed restrictions at any future time.

5. Hold Harmless. Subject to the limitations in NRS Chapter 41, Grantee shall hold Grantor harmless from any loss, damage or injury suffered or sustained by Grantor or third parties for any injury or damage caused by any act or omission of Grantee in its use of the Easements.

6. Grantor's Reservation of Rights. Subject at all times to the limitations and provisions of Section 6.1, Grantor reserves to itself, and to its successors, agents and assigns, (i) the right of ingress and egress over the surface of the Access and Water Facilities Easement area and (ii) the right to use the surface area of the County Property for parks and recreation purposes and uses by the general public. Grantor reserves the right to make reasonable improvements to the County Property for public recreation purposes and consistent with its use as a trail area.

6.1 No Unreasonable Interference. Grantor shall not erect any buildings or structures on the County Property or otherwise use the County Property in a manner that places an unreasonable burden on or unreasonably interferes with TMWA's full use and enjoyment and the rights granted herein.

Grantee acknowledges by acceptance of the Access and Water Facilities Easement that Grantor's present and future public recreational uses of, and practices on, the surface area of

the County Property are compatible with the purpose of this easement. Grantee agrees to allow non-motorized public use of the new access road to connect to the existing Sugarloaf Peak Open Space trail system. Grantor reserves the right to use and enjoy the County Property and surface area of the easement in accordance with those present parks and recreational practices and uses now and in perpetuity. Grantor and Grantee recognize that the future uses of, and practices on, the surface of the County Property may change over time as a result of the development and the public's need for recreation. Grantee acknowledges that the County owns this property and that Grantee's use of the Access and Water Facilities Easement shall be subject to and not interfere with any existing restrictions placed on the County Property.

7. Reimbursement for Breach. Each party shall reimburse the other party for all reasonable expenses, damages, and costs, including attorney fees, incurred by the injured party as a result of either party's breach of any covenant set forth herein.

8. Relocation of Water Facilities. If the Access and Water Facilities Easement and Temporary Construction and Temporary Waterline Easement, as defined herein and shown on Exhibits A and B are unsuitable for the purposes of the Grantee or the Grantor, then the location may, subject to prior written consent of both parties, be changed to an area mutually satisfactory to both the Grantor and Grantee herein. The newly agreed to locations shall be indicated and shown by an amended easement. Any relocations requested after the initial installation and use of the water facilities shall be at the sole cost and expense of the requesting party.

THIS GRANT OF EASEMENT and the terms contained herein shall be binding upon and shall inure to the benefit of Grantor and Grantee, and the successors, agents and assigns of Grantor and Grantee, and all rights herein granted may be assigned.

TO HAVE AND TO HOLD all and singular the said premises, granted together with the appurtenances, unto said Grantee their successors, agents, contractors, licensees and assigns forever.
