

MEMORANDUM

April 26, 2021

To: Board of Fire Commissioners
Truckee Meadows Fire Protection District

Fm: Charles A. Moore, Fire Chief

Re: **Chief's Monthly Report for May2021**

I have ordered a close to open burning for the spring season. The storm forecasted for the weekend of April 25th did not produce significant enough moisture to keep fuels wet for another week of burning. The District will host another green waste collection event in June and will resume multiple collection points in the fall.

Demand for District Point of Dispensing (PODs) has dropped off. We will continue 2nd vaccine dispensing until June, ensuring that all recipients who received their first dose will receive their second dose. PODs will consolidate within the region after June 1st.

Wildfire season preparations are underway. TMFR hosted a pre-season coordination meeting with local cooperators on April 27 to discuss a wide variety of topics, including mutual aid, aviation resources, resources ordering process, and incident management teams.
