AGENDA ITEM # _____

BACKGROUND

In a concurrent meeting dated November 18, 2020, the Washoe County Board of Commissioners and the City of Reno and Sparks City Councils voted to acquire and cost share three parcels on East 4th Street for the purpose of expanding shelter capacity in the region to assist people experiencing homelessness. The number of individuals experiencing homelessness has increased significantly due to the COVID-19 pandemic and subsequent unemployment spurring housing insecurity, further compounding previous community concerns over the public safety, public health and environmental effects of people living in encampments.

At the January 13, 2021 strategic planning workshop, the Board of County Commissioners provided direction for Washoe County to have an expanded role in addressing the regional issue of homelessness.

Amid continuing conversations on transitioning regional oversight of homelessness to Washoe County; including oversight and management of the Cares Campus to include both the emergency shelter and the Safe Camp, and the lead agency role for the Continuum of Care, approval is requested for the additional positions that will be needed to support this expanded role.
