This Board has previously authorized the initiation of litigation against various defendants related to damages incurred due to the opioid crisis. AGENDA ITEM # _____

Pursuant to WCC 65.240(5), the Board has sole authority to settle any claim or suit for damages in excess of \$24,999. Pursuant to litigation authority delegated to the County Manager or Board Chair pursuant to NRS 241.0357, authority is limited to \$150,000. BACKGROUND

After the Board hired outside counsel to represent Washoe County in opioid-related litigation matters, a Complaint was filed in the Second Judicial District Court. Counsel

has filed actions in state district court and claims in bankruptcy actions across the country. The agreement provided that outside counsel would receive Twenty-Five percent (25%) of the recovery and a reimbursement of actual costs expended. Outside counsel has filed suit on behalf of Washoe County, the State of Nevada, and other political subdivisions within the state. Those cases are proceeding, and several are being resolved in the bankruptcy courts.

In July 2021, Washoe County entered into the One Nevada Agreement Allocation of Opioid Recoveries approved by the Board in July 2021 with the State of Nevada and other participating political subdivisions. Under the One Nevada Agreement, Washoe County will receive (before deductions required but yet to be calculated): 6.841995% of the Local Government Allocation (making up 38.77% of the total allocation) and 14% of the Medicaid Match Allocation (17.37% of the total allocation). The consolidated bargaining power of the One Nevada Agreement allows outside counsel to engage in settlement discussions on behalf of the entire state of Nevada and the participating political subdivisions.

The parties by and through outside counsel have engaged in settlement discussions with certain opioid defendants. Tentative settlement agreements have been reached between the State of Nevada and Teva, and the State of Nevada and Walgreens. The proposed Subdivision Participation Forms allows Washoe County to be a party to these settlement agreements and resolve the claims against Teva and Walgreens.

The proposed settlement between Purdue/Sackler and the State of Nevada is in an amount of \$57,941,815.03. Pursuant to the One Nevada Agreement, Washoe County will receive an estimated allocation of \$2,223,475.54.

This settlement does not affect the ongoing litigation by Washoe County against the other defendants in the previously-filed actions.

FISCAL IMPACT

Pursuant to the Purdue/Sackler settlement agreement, Washoe County will receive \$2,223,475.54 to be used for opioid abatement in our community.

Any funds received from this settlement will be deposited into Cost Center 270910 (Opioid Pharmaceutical Non Bankruptcy) – GL 485300 (Other Miscellaneous Government Revenue). Use of funds will adhere to the guidelines established by the State.

RECOMMENDATION

It is recommended that the Board approve the agreement between the State of Nevada and Purdue/Sackler, and approve execution of the Subdivision Participation Forms.

POSSIBLE MOTION

Should the Board agree with staff's recommendation, a possible motion would be:

Move to approve the settlements between the State of Nevada and Purdue Pharma/Sackler family, and approve execution of the Subdivision Participation Forms for distribution of monies to Washoe County pursuant to the One Nevada Agreement.
