Services and Future Use

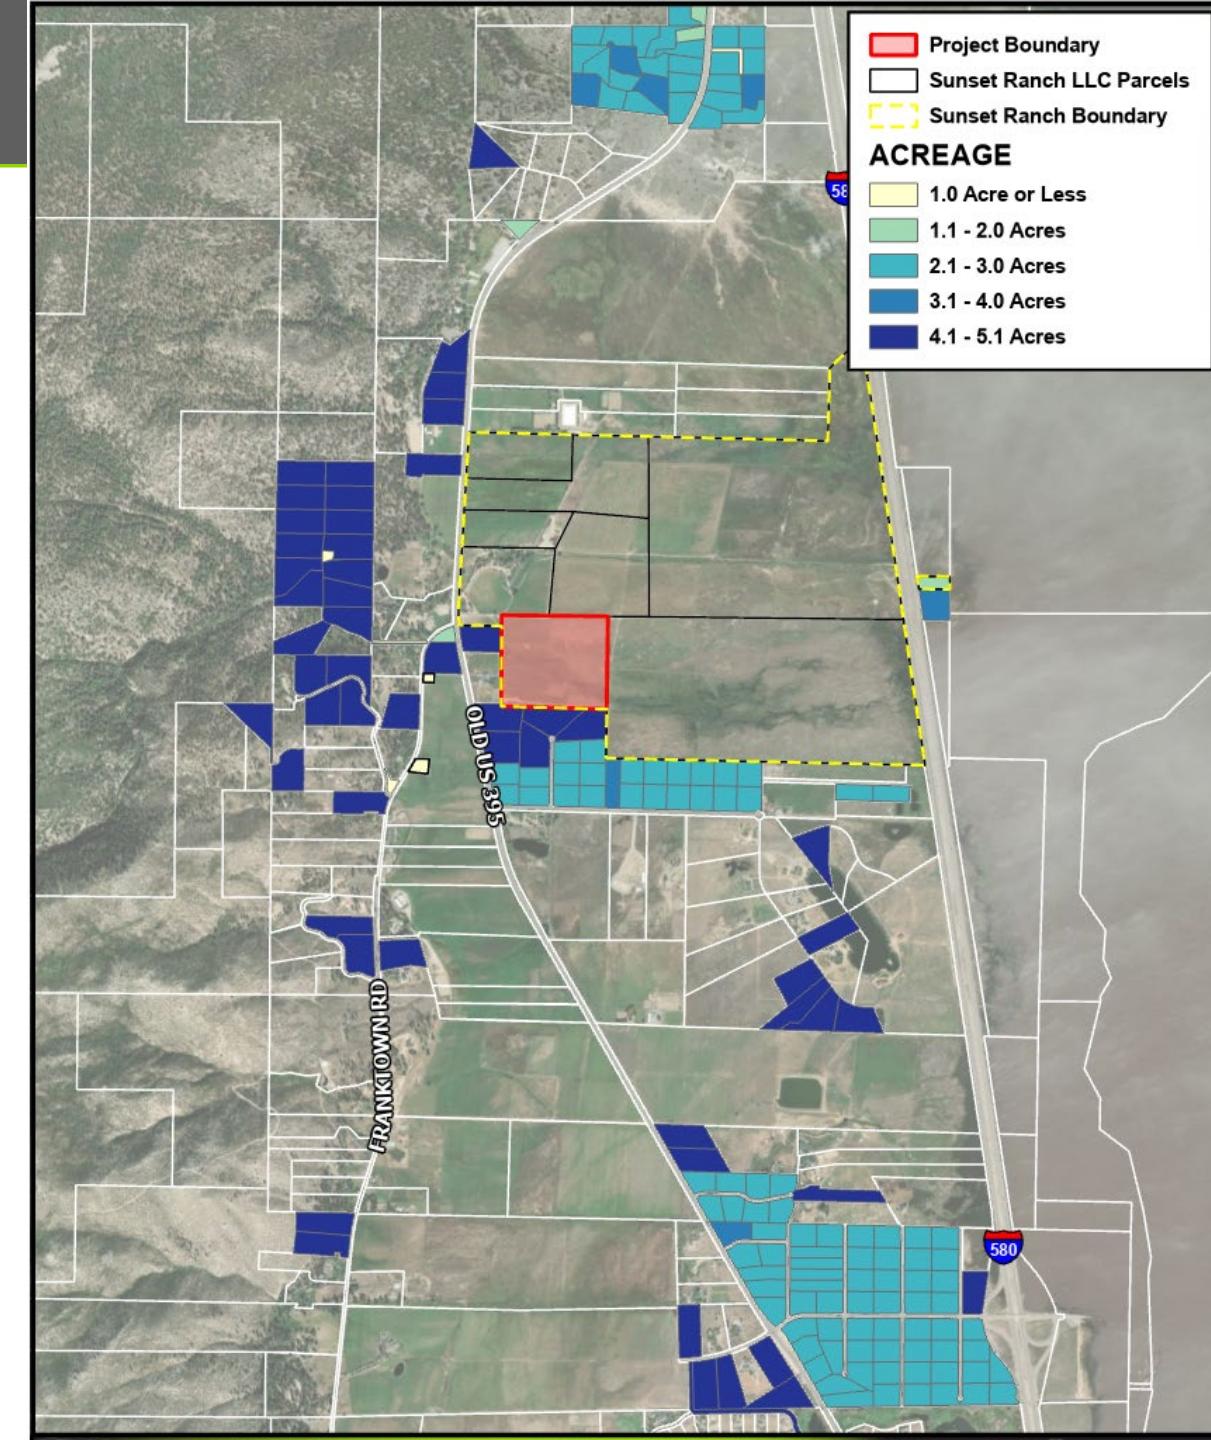

Sunset Ranch MPA and RZA FEMA Flood Map

- » MDR zoning could allow a maximum of 8 dwelling units (assume 5 acre lots)
- » Future development will avoid FEMA Flood Hazard Area
- » Outside of the Truckee Meadows Service Area TMSA (well/septic)
- » Electric and other utilities adjacent to the site
- » Police, Fire, and School already serve adjacent uses
- » Minimal traffic generation (up to 8 peak hour trips AM/PM)
- » Is compatible with the surrounding uses

Future Use

- » State regulations would not allow a residential lot less than 5 acres (well/septic)
- » TMRPA “Rural Area” designation appropriate for 1 unit per 5 acres
- » Surrounded by 5-acre lots to the south & throughout West Washoe Valley
- » The creation of more than 4 lots would require the approval of a Tentative Map
- » Lot sizes are anticipated to be 6 acres or larger
