28. LIENS

28.1 Contractor will not permit any mechanics, laborers, or material man's liens to stand against the premises or improvements for any labor or materials to the Contractor or claimed to have been furnished to Contractor's agents or subcontractors, in connection with work of any character performed or claimed to have been performed on the premises, or improvements by or at the direction or sufferance of the Contractor; provided, however, Contractor shall have the right to contest the validity or amount of any such lien or claimed lien.

In the event of such contest, Contractor shall give the County reasonable security as may be demanded by the County to ensure payment thereof and prevent sale, foreclosure, or forfeiture of the premises or improvements by reason of such non-payment.

Such security shall be posted by the Contractor within fifteen (15) days of written notice from the County, or Contractor may "bond off" the lien according to statutory procedures.

28.2 Contractor will immediately pay any judgment rendered with all proper costs and charges and shall have such lien released or judgment satisfied at Contractor's own expense.

29. CESSATION OF OPERATIONS

In the event County, for any reason, determines through its Board of County Commissioners at a duly noticed public meeting not to continue to operate the Shooting Facility open to the general

public, this Agreement shall terminate, and in such event, Contractor agrees to hold the County free from any charge or penalty provided for in this Agreement.

30. VACATION OF THE PREMISES

In the event of the termination of this Agreement for any reason other than expiration, Contractor shall peaceably vacate the premises within such time as may be specified in the written notice to vacate which the County shall deliver to Contractor. The notice shall provide for not less than thirty (30) days in which to vacate, except in cases where continued presence of Contractor would cause immediate injury or damage to the County or other persons, in which case vacation may be immediate.

30.1 Upon the expiration or earlier termination of this Agreement, Contractor shall return the Personal Property initially provided by County and which is not fully depreciated or past its useful life in the same or better condition than when it was received by Contractor. Contractor agrees to have all personal property, fixtures, and equipment appraised at the time this agreement is executed and supply the owner with a schedule and current value of the same. At the termination of this agreement Contractor shall have a second appraisal performed and provide it to County. The total value of the personal property, fixtures, and equipment (hereinafter "equipment") to be returned to County must be of equal or greater value to the initial appraised value adjusted for inflation and depreciation. During the term of this agreement, Contractor shall purchase or otherwise acquire replacement equipment as required and shall maintain the existing equipment for as long as feasible.

Such agreements shall include, but not be limited to, the following: Employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training including apprenticeship. Any violation of such provision by the Contractor shall constitute a material breach of contract. Further, Contractor agrees to insert this nondiscrimination provision in all subcontracts hereunder, except subcontracts for standard commercial supplies or raw materials.

32. RIGHT OF CANCELLATION

Each party may terminate this Agreement for any of the following reasons:

32.1 If either party breaches a material provision hereof ("Cause"), the non-breaching party shall give the other party notice of such Cause. If the Cause is remedied within thirty (30) days in the case of any cause other than failure to make payment, the notice shall be null and void.

32.1.1 If the Contractor is more than thirty (30) days past due on any fees owed to the County under this Agreement, the County may submit a claim against the Performance Bond. If the County is not made whole from the proceeds of the Performance Bond within sixty (60) days of submission of the claim, the County reserves the right to terminate and cancel the Agreement without waiving its rights to recover against the Performance Bond. The County shall continue to submit claims against the Performance Bond for any and all subsequent periods of nonpayment and shall have the right to terminate the Agreement if such claim is not paid within sixty (60) days of submittal of all subsequent claims until the face amount of the Performance Bond is exhausted, at which time the County will have the right to cancel the Agreement without further notice and without waiving its right to collect from the Performance Bond.

32.2 If such Cause is not remedied within the specified period, the party giving notice shall have the right to terminate the Agreement upon expiration of such remedy period. The rights of termination referred to in this Agreement are not intended to be exclusive and are in addition to any other rights or remedies available to either party at law or in equity.

32.3 In addition to all other rights herein, County may terminate this Agreement without prior notice should the Contractor become insolvent, voluntarily file for bankruptcy or receivership, or make any assignment for the benefit of creditors, or should the other party have commenced against it any proceeding, suit or action in bankruptcy or receivership provided such proceeding, suit or action is not dismissed within thirty (30) days.

32.4 Upon notice of cancellation, Contractor shall be required to continue fulfilling its obligations under this Agreement until other satisfactory arrangements are completed by the County, not to exceed ninety (90) days.

33. ASSIGNMENT

No assignment of any agreement resulting from the award of this bid shall be allowed, including the right to receive payment, without the express written permission of Washoe County.

In addition, the defaulting Contractor may be charged for any additional cost to County for the provision of services as defined in Section 2 "Scope of Services" for the remaining term of this Agreement.

Shooting Facility Standards of Operation and Performance

REGIONAL SHOOTING FACILITY STANDARDS OF OPERATION AND PERFORMANCE

A “Standard” has been defined as a “rule used as a basis of judgment of recognized excellence or authority,” and “something accepted as a basis of comparison.” A fine public shooting facility needs standards which, when adhered to, ensure that the culture of the facility is preserved and enhanced.

The following set of Standards of Operation and Performance provides for an appropriate level of quality of product, conduct, and service to the customers.

CUSTOMER RECOGNITION

Customers can be defined as a group of individuals joined together for recreational shooting that share a common interest in the sport.

Most importantly, serving customers at a public shooting facility is about recognition. Some customers are very open and demanding about being recognized, yet some are seemingly uninterested and avoid being noticed. But regardless of how a customer demonstrates the need to be recognized, the overriding reason customers use a public shooting facility is to enjoy the sport while receiving a good value.

Recognition can come in many ways: seeing their name or picture on the shooting facility website or bulletin board, by receiving certificates, by getting a personalized letter from the Operators, or being noticed by the Staff. However, the most powerful form of recognition is hearing someone call them by their name.

As employees of Washoe County’s Regional Shooting Facility, the #1 Standard of Performance, in all cases, for all departments, and for every position, is to actively recognize customers.

To recognize customers in an "active" way means being alert, challenging your memory to remember names and faces, and keeping mental notes as to what each customer likes. Teamwork is a great tool to help recognize customers such as tipping each other off as to the customer’s names as they approach. It seems amazing that, at some public shooting facilities, certain employees, can remember the customer's names -- sometimes their spouses and children's names as well. How do they do it? It is no secret -they want to.

SHOOTING FACILITY

MINIMUM STANDARDS

The following standards are to be considered minimum standards for performance and operation of the Shooting Facility. By adhering to these standards as guidelines, our customers will benefit from our consistently high level of quality in service, product, appearance, and attitude. These standards will allow us to stand out as professionals in our industry. However, these standards should serve, as only a minimum so we, as individuals and as a team, should always strive to be leaders in our industry by going beyond what is the minimum:

Customer Recognition

Demonstrating good shooting etiquette and remaining productive at the same time is an important facet of the duties of the Shooting Facility Staff. While contact with customers may be at a distance, how considerate you are with every shooter while maintaining your level of productivity impacts their overall recreational shooting experience. Courteous actions show that we care that each shooter enjoys his or her recreational shooting experience. The following guidelines will help you achieve this standard of excellence:

- The Customer will be greeted by name or Sir or Mam if you don't know their name. Start by calling **them by their surname (i.e. "Good morning Mr.---")**.
- Greet all shooters with a smile and friendly, caring attitude. Be willing to provide courteous answers to guest questions.
- Be aware of shooter's safety and advise them courteously when their safety may be threatened.
- If a customer files a complaint about the shooting facility with you, ensure that the problem will be taken care of immediately (if it can be solved by you) or that you will bring the problem to the attention of your supervisor who will take care of the complaint. Always thank them for informing you.

- Phone calls are not to be "screened" to determine whom the caller is, unless specifically instructed by a certain supervisor and only for a specific situation or

duration. Generally, all callers should be assumed to be customers or potential customers. Customers should not be given the impression that they are being screened. A staff member should take all calls, unless that staff member is already on a call, engaged in a meeting, serving another customer, or out of the maintenance facility.
