# RZA Request

COMMUNITY  
SERVICES DEPARTMENT

- The proposed Rural Residential (RR) master plan designation supports the areas vision by allowing for rural residential lots, small-scale agriculture & conservation, with densities ranging from one unit per 40 acres to one per 5 acres.
- The zoning options under RR supports these uses better than those available under the current Rural designation & are more compatible with surrounding uses (5-acre residential parcels).
- The parcel is located outside of the Truckee Meadows Service Area (TMSA) which requires a minimum of 5-acres for dwellings to be served by well and septic.

- A neighborhood meeting on August 25, 2025.
- Questions/comments included:
  - Purpose of the requested amendment
  - Development potential, site access and drainage
  - Questions on process and how to provide comment

# Planning Commission Recommendation

COMMUNITY  
SERVICES DEPARTMENT

- Planning Commission made all required Findings and unanimously passed a motion recommending approval of the request to the BCC.
- Possible motions can be found on page 6 of the staff report.
