District Health Strategic Priority supported by this item:

- 5. Organizational Capacity:** Strengthen our workforce and increase operational capacity to support a growing population.

PREVIOUS ACTION

No previous action this fiscal year.

BACKGROUND

Washoe County joins with the State of Nevada in a multi-year contract for temporary employment services with a number of agencies.

The Health District's FY25 purchase order supports two temporary positions of our COVID-19 response efforts (administrative and testing), support of current Influenza vaccination events and future COVID-19 vaccination events. Utilizing temporary employment services has proven to be an efficient and effective method of providing surge staffing in several programs.

Should the Board approve the purchase order, there will be no additional impact to the adopted FY25 budget, as the amounts were anticipated and budgeted in the following Internal Orders:

12237-COVID IZ Rd 4

12235-COVID IZ Rd 3

12496-COVID IZ Rd 4 Carryover

12495-COVID IZ Rd 3 Carryover

12357-Immunization Bridge Program
